WAREHOUSE, 345 WEST 13TH STREET

SWEET PEAS

We are headquarters for all the latest and most up-to-date varieties of Sweet Peas, and make a specialty of this grand annual. Our collection has been thoroughly revised, synonyms and out-of-date varieties have been eliminated, wherever practical, and only those of real merit retained. When you stop to consider that there are nearly six hundred named varieties, you will doubtlessly miss some old favorite that you have known. No doubt we could procure you this variety; we could certainly send a variety equally as good.

The Spencer or orchid-flowering types are coming strongly to the fore, but many are not yet thoroughly "set." The "Unwins" are all good, and many grandiflora varieties are still holding their own.

If collections are wanted for exhibition purposes, we shall be glad to make suggestions.

At the exhibition of the National Sweet Pea Society of America, held at the American Museum of Natural History, New York City, July 7 and 8, 1909, we were awarded the

C. C. MORSE CO.'S SILVER CUP

for the largest collection of Sweet Peas, number of varieties to count. *Open to the trade only.*

The Arthur T. Boddington SILVER CUP, for the largest collection of Sweet Peas, was won by Mr. Harry Turner, gardener to Howard Gould, Esq., Castle Gould, Port Washington, L. I. Seed supplied exclusively by us.

The W. Atlee Burpee SILVER CUP, for the finest collection of Sweet Peas, varieties to count, was won by Mr. William Duckham, gardener to Mrs. D. Willis James, Madison, N. J. Seed supplied exclusively by us.

At Lake Geneva, Wis., the **SILVER CUP** offered by Arthur T. Boddington, at the midsummer show, was won by Mr. James Livingstone, gardener to H. H. Porter. Seed supplied exclusively by us.

At Lake Forest, Ill., at the midsummer show, first prize for Sweet Peas was won by Mr. E. L. Parshall, gardener to E. L. Ryerson, Esq. Seed supplied exclusively by us.

In all of these collections, the quality of the bloom and the length and strength of stem, the depth of color, and trueness to type, were all well pronounced, and the fact of their winning success bears out these facts very strongly.

For the forthcoming exhibition of the National Sweet Pea Society of America (time and place to be announced later) we take pleasure in offering

A CHALLENGE SILVER CUP, Value \$50.00 FOR A COLLECTION OF SWEET PEAS

NOT LESS THAN 25 VARIETIES OR LESS THAN 25 STEMS TO A VASE
TO BE SHOWN WITH SWEET PEA FOLIAGE

TO BE WON TWICE BY THE SAME EXHIBITOR

We will also award to the winner a cash prize of \$25.00 (each time won), \$15.00 second prize, and \$10.00 third prize. For further particulars see preliminary schedule sent on application.

Are you a member of the National Sweet Pea Society of America? If not you should send for an application blank; the annual dues are \$2.00, life membership, \$25.00. By becoming a member you are entitled to the annual report and other interesting announcements. For further information, write the secretary, Harry A. Bunyard, 342 West Fourteenth Street, New York City.

NOVELTY GIGANTIC ORCHID-FLOWERING SWEET PEAS FOR 1910

Sweet Peas are our specialty, and we are "uptodate" on all the best and latest varieties for FLORISTS. All our stocks are re-selected, so that customers may rely upon varieties being absolutely true to type and color.

The following varieties have been selected with great care from a very large offering of novelties in Sweet Peas, by leading seed houses and growers in the United States and from the British Isles.

George Stark F. F. C. and Silver Medal, 1908, England National Sweet Pea Society's Trials, Reading; F. F. C., Wolverhampton; F. F. C., Norwich. This variety is the finest scarlet pea yet in commerce. The flower is bold and has extraordinary substance. The standard is nicely waved and upright, but owing to the thickness of the petal is not so crinkled as some of the Spencers. Both for exhibition and decorative purposes it is good, also stands the sun perfectly. **Pkt. 20 cts., 6 for \$1.**

Marie Corelli The large flowers are brilliant rose-carmine or red, uniformly of true Spencer form. The wings are a pure, rich rose-carmine, while the standard shows a tint of cherry red. The whole effect is that of a brilliant crimson, clear, distinct and most beautiful. The standard is large, round and wavy; the wings are full and inclined to remain boldly outright instead of drooping. The long strong stems usually bear four flowers each. **Pkt. 20 cts., 6 for \$1.**

Senator Spencer Although this variety belongs in the darker colored class, the lighter background gives a mass of the blooms a sort of heliotrope tint, which is very pleasing. The color is a varying combination of deep claret and chocolate, striped and flaked on a ground of light heliotrope.

SENATOR SPENCER is of the true Spencer form, wavy edges on both standard and wings; large, round, fluffy standard, long drooping wings. Both standard and wings are marked with the same colors and in the same way, with a trifle more of the wine shading in the wings. **Pkt. 20 cts., 6 for \$1.**

Meriam Beaver Its novelty is its color—a glowing but soft apricot, tinted, shaded and suffused with lemon. It is a color difficult to describe, and might be said to approach a terra cotta tint, especially so as it harmonizes so beautifully with golden brown. **Pkt. 20 cts., 6 for \$1.**

W. T. Hutchins Is a fine bold, true Spencer of most perfect form and coloring. The buds show a decided buff color. The fully expanded color has the appearance of light apricot (distinctly lemon at the throat), overlaid with a beautiful blush pink. Both standard and wings are wavy, ruffled and crinkled of the most advanced Spencer type. The flowers are of the largest size, the standard measures 2 inches across by 1 5-8 inches deep. **Pkt. 20 cts., 6 for \$1.**

Picotee A lovely new and distinct variety, Spencer form. Flowers white, beautifully edged carmine, large and well waved. In most cases flowers are borne four on a stem, well placed and of grand substance. **Pkt. 20 cts., 6 for \$1.**

Snowflake A grand white variety of the Spencer type, described to us by the originators as an improved white Spencer. Immensely floriferous, sturdy and strong grower, with an average of four flowers to the stem. **Pkt. 15 cts., 2 pkts. 25 cts., oz. 40 cts., 1-4 lb. \$1.50, lb. \$5.** Collection, one packet each of the above seven grand novelty Sweet Peas for \$1.25, 6 collections for \$7.25, 12 collections for \$14.

Orchid-Flowered Sweet Peas

BODDINGTON'S QUALITY SWEET PEAS

THE CULTURE OF SWEET PEAS. By the Rev. McGee Pratt, the well-known authority on Sweet Peas. Dig a trench 1 foot deep and 1 foot wide, at bottom tramp down 3 inches manure, then place 4 inches good soil, also firmed down well. Sow Peas in double row, not too thick, and cover with earth to top of trench. If firmed to 1 inch below the surface, it does best in a dry season. Never draw soil on top of the growing vine; it settles in the crown formed just above the ground, holds water and rots the plant, and the dead vine is then believed to suffer from the blight. All Peas should be well firmed in well-pulverized soil.

The greatest enemy to young Sweet Peas is the cutworm, and they are so destructive as to prevent some people from ever having a good stand of Sweet Peas. They usually take the young shoots just as they come up, and while some plants will send out new shoots and grow again after being cut off, most of them are cut too far down and are ruined. A sprinkling of lime over the row sometimes helps to keep out the cutworms. A handful of grass, dipped in a solution of Paris green will sometimes attract the worms and the poison kills them.

The following comprises the most up-to-date list of Sweet Peas in America. If there are any older varieties that you miss in this collection they have been superseded by one of superior color or flower. If you desire it, we will procure, or substitute with your permission, one of equal, if not greater, merit. Those with the star after the variety we consider the best all-round florists' varieties.

N. B.—To have success with Sweet Peas, sow as soon as frost is out of the ground.

Those marked with a star (*) before the varieties are waved or Countess of Spencer type; those marked with a dagger (†) are extra-early outdoor or Christmas-flowering

Flower-Seed Novelties and Specialties, 1908-09-10

While every year we look upon flower-seed novelties placed upon the market with more or less scepticism, we must not overlook the fact that all the really good things of today were novelties at one time, and were looked upon with as much, or perhaps more suspicion than the novelties of today. There are many novelties offered this year from different sources, but it is our endeavor to select only those we know something about, have seen, or that are highly recommended from sources other than the disseminator. The descriptions are those of the introducers. You cannot afford to be without some of these really good introductions.

The Gigantic Orchid-Flowering Cosmos

BODDINGTON'S LADY LENOX (H A)

This Gigantic Cosmos is the forerunner of an entirely new race of Cosmos. It is of extraordinary size and beauty.

Size of flower, 4 to 5 inches in diameter, which is about three times larger than the ordinary Cosmos. Color a delightful shell-pink, lighting up beautifully at night. Form of flower, oval petals of splendid substance, forming a perfectly circular flower which, when cut, lasts an unusual length of time in water. Habit of plant, strong and vigorous, growing 6 to 7 feet high. Flowers may be cut with any length of stem up to 5 feet.

Trade pkt. 15 cts., 2 pkts. 25 cts., oz. \$1.00

ASTERS

The following five beautiful varieties are seedlings of the well-known Daybreak and Purity, and are bound to find favor with all lovers of this beautiful class.

Aster, America (Imp. Pink Daybreak.) (Novelty, '10.) H.A.

Strong robust grower, producing flowers of the largest size on very strong, stiff stems. In color it is somewhat darker than Daybreak, quite resembling the shade known as old rose. The flowers are of great substance and very lasting after being cut, more so than most other varieties. A valuable feature is its lateness of bloom, being fully two weeks later than Daybreak. Its flowers are in perfection with the late-branching varieties. Trade pkt. 15 cts., 1/8 oz. 60 cts., 1/4 oz. \$1, 1/2 oz. \$1.75, oz. \$3.00.

Aster, Lemon Drop (Yellow Daybreak.) (Novelty, '10.) H.A.

A real yellow Aster at last. It is a decided yellow, and as good a grower as any of the other varieties of the Daybreak class. The flowers are not quite so large as those of Purity, its parent, but are more perfect and symmetrical in form, in fact the petals are laid so perfectly that the flowers have a wax-like appearance. Trade pkt. 15 cts., 1/8 oz. \$1, 1/4 oz. \$1.75, 1/2 oz. \$3.25, oz. \$6.

Aster, America (Imp. Pink Daybreak)

A Sextet of Daybreak Asters

Aster, Salmon King (Salmon Daybreak.) (Novelty, '10.) H.A.

In this variety we have a splendid addition to the Daybreak class. The color is not only novel, but of a very pleasing shade, bright enough to make it always conspicuous, although modest and unassuming in appearance. The habit of growth, form of plant and flower are identical with those of its parent, Daybreak. Trade pkt. 15 cts., 1/8 oz. \$1, 1/4 oz. \$1.75, 1/2 oz. \$3.25, oz. \$6.

Aster, Rosy Morn (Rose Daybreak.) (Novelty, '10.) H.A.

This is a very beautiful variety. The flowers are of a handsome shade of rose, large, well formed, double to the center and produced in the same profusion as the other Asters of this class. We consider it one of the best of the Daybreak type. Trade pkt. 15 cts., 1/8 oz. 60 cts., 1/4 oz. \$1, 1/2 oz. \$1.75, oz. \$3.

Aster, Lavender Daybreak. (Novelty, '09.) H.A.

The habit of growth is similar to that of Daybreak, but the flowers are somewhat larger in size, always full to the center and of a most beautiful shade of lavender. Trade pkt. 15 cts., 1/8 oz. 60 cts., 1/4 oz. \$1, 1/2 oz. \$1.75, oz. \$3.

Collection of the above five grand Novelty Daybreak Asters, 1 pkt. each for 60 cts., 3 collections for \$1.75.

Aster, Improved Early Branching Semple. (Novelty, '09.) H.A.

A seedling from that grand old variety Semple's Pink, which on account of its earliness will certainly become equally and we predict more popular than its parent. The color is of the same shade of bright pink and the habit of the plant and form of flowers are identical, being of the same strong robust growth and branching habit. Its greatest value is in its earliness, blooming as it does ten days earlier than Semple's Pink. Trade pkt. 25 cts., 1/4 oz. 75 cts., 1/2 oz. \$1.25, oz. \$2.

Aster, Vick's New Early Branching. (Novelty, '09.) **H.A.** The Early Branching come into bloom about **two weeks earlier than the Late Branching.** The plants have but few branches and are free from side buds, the whole strength of the plant being given to the development of the very few large and perfect flowers which are borne on **extra-long stems.** We offer two colors only, **Early Branching White, Early Branching Rose.** Each, trade pkt. 25 cts., $\frac{1}{4}$ oz. 75 cts., $\frac{1}{2}$ oz. \$1.25, oz. \$2.

Aster, Branching Rosy Carmine. The color is hard to describe, but we think rosy carmine about right. As a cut-flower variety this Aster catches the eye every time. Trade pkt. 25 cts., $\frac{1}{4}$ oz. 75 cts., $\frac{1}{2}$ oz. \$1.25, oz. \$2.

Aster, Royal Purple. (Novelty, '09.) **H.A.** The flowers are large white full center well covered, petals flat and incurved. Color a rich shade of Royal Purple. This variety is distinct in growth from the Branching Aster. The side stems start from the main stem close to the ground, instead of branching out from the main stem at various heights as in the branching varieties. Season medium to late. Trade pkt. 25 cts., $\frac{1}{4}$ oz. 30 cts., $\frac{1}{2}$ oz. 50 cts., $\frac{1}{2}$ oz. 80 cts., oz. \$1.50.

Aster, Empress Frederick

(Novelty, '09.) **H.A.** A new Comet Aster that impressed us most favorably the past season. The plant is rather dwarf in growth, but vigorous and bears very large white flowers in the greatest profusion. Trade pkt. 25 cts., $\frac{1}{4}$ oz. 40c., $\frac{1}{4}$ oz. 75 cts., oz. \$2.50.

Cactus Aster, Rosy Carmine.

(Novelty, '09.) **H. A.** The introduction of this fine novelty enriches the numerous group of Asters of medium height by a beautiful and quite distinct new class. Of pyramidal habit, the plants branch a few inches over the ground and throw out 15 to 20 strong side shoots, each bearing in graceful horizontal poise a most refined flower. The petals, nearly two inches long, are characterized by being slightly bent or twisted near the tip and thus lend to the flower a kind of Cactus-like aspect, quite different to all other known classes. The first color obtained up to date is a brilliant rosy carmine, a most lovely and effective shade. The Cactus Aster blooms remarkably early and will be of great value for cutting purposes, as it keeps fresh a very long time. Trade pkt. 25 cts., 5 pkts. for \$1.

Aster, Victoria Carmen. (Novelty, '09.) **H.A.** An entirely new and distinct color, which appears for the first time in Asters, and may perhaps be best described as dark salmon, beset with white.. Trade pkt. 25 cts., 3 pkts. for 50 cts.

Aster, Early Wonder. **White.** (Novelty, '08.) **H.A.** This is the earliest Aster in cultivation, blooming several days before Queen of the Market, with pure white flowers double the size; nice shape and stands well. It is after the style of Giant Comet, and is destined to become the leading early variety, and will prove a great acquisition to growers requiring large, early blooms. Trade pkt. 25 cts., 5 pkts. for \$1, $\frac{1}{4}$ oz. 40 cts., $\frac{1}{4}$ oz. 75 cts., $\frac{1}{2}$ oz. \$1.25, oz. \$2.

Early Wonder Pink. Trade pkt. 25 cts., 5 pkts. \$1, $\frac{1}{4}$ oz. 40 cts., $\frac{1}{4}$ oz. 75 cts., $\frac{1}{2}$ oz. \$1.25, oz. \$2.

Aster, Diadem. (Novelty, '08.) **H.A.** The plant grows about 10 inches high, is of pyramidal and compact habit, much branched, and bears a profusion of double flowers of rather small size, measuring $1\frac{1}{4}$ to $1\frac{1}{2}$ inches in diameter; these are quite unique in color, two or three outer rows of petals being pure white, and forming a distinctly defined band or margin, in charming contrast to the inner petals, which are bright rosy crimson, deepening to rich purple-crimson toward the center. Trade pkt. 25 cts., $\frac{1}{4}$ oz. 85 cts., $\frac{1}{2}$ oz. \$1.50, oz. \$2.50.

Improved Early Branching Aster (Novelty, '09)—See page 4

Asters, Crego. (Novelty, '09.) **H.A.** The Crego Asters are of American origin, and are very strong growers, attaining a height of from 2 to 3 feet, with long, strong stems. The flowers are of a mammoth Comet type, measuring from 4 to 5 inches in diameter and resembling large chrysanthemums. We offer the Crego Asters in the following delightful colors: **White, Rose, Light Pink, Purple, Lavender, Crimson, Mixed.** Trade pkt. 25 cts., $\frac{1}{4}$ oz. 40 cts., $\frac{1}{4}$ oz. 70 cts., $\frac{1}{2}$ oz. \$1.30, oz. \$2.50.

Aster, Hercules (Rosy Lilac.) (Novelty, '10.) This first break from the Grand White Hercules Aster which we introduced some years ago. The color is a splendid delicate **rosy lilac.** The plants are compact and semi-dwarf, not exceeding 15 to 20 inches in height. In addition to the enormous flower of the main stem, this Aster produces five to six long-petaled lateral flowers, measuring $5\frac{1}{2}$ to $6\frac{1}{2}$ inches across, of the most perfect form. The Hercules Aster is one of the grandest varieties of the Giant Hohenzollern type ever introduced, and we are sure that this variety will find favor with all lovers of good Asters. Trade pkt. 25 cts., 5 for \$1.

Aster, Elegance. (Novelty, '09.) Flowers large, single petals beautifully twisted, borne on long stems, very useful for cutting.

Elegance, lavender. Trade pkt. 15 cts.

Elegance, dark blue. Trade pkt. 15 cts.

Elegance, deep rose. Trade pkt. 15 cts.

Elegance, pale rose. Trade pkt. 15 cts.

Any of the above varieties, $\frac{1}{4}$ oz. 40 cts., $\frac{1}{4}$ oz. 75 cts., $\frac{1}{2}$ oz. \$1.25, oz. \$2.00.

Anchusa Italica, Drop-

more var. (Novelty, '08.) **H. P.** It is much superior to the type which has long been a favorite in our gardens. The plant is of strong, vigorous and branching habit, producing very large, brilliant blue flowers in abundance in June and July. Trade pkt. 25 cts., $\frac{1}{4}$ oz. \$1.

Anchusa Capensis alba.

(Novelty, '08.) **H.A.** Pure white flowering variety of this very pretty hardy annual. Trade pkt. 25 cts., 5 pkts. \$1, oz. \$2.

THREE NEW GIANT ANTIRRHINUS

(Novelty.) **H.H.P.**

Antirrhinum grandiflorum

Majus, Rose Dore.

This variety is a lovely new shade of salmon-shade gold, a unique color, which lights up beautifully at night. Height 3 feet. Trade pkt. 15 cts., 2 for 25 cts., oz. 75 cts.

Antirrhinum Majus, Fairy Queen. Rich orange-salmon or terra-cotta, with white throat; very striking and beautiful. Trade pkt. 15 cts., 2 pkts. 25 cts., oz. 75 cts.

Antirrhinum Majus, Salmon Queen. Very rich, golden rose, with white throat; splendid variety. Trade pkt. 15 cts., 2 pkts. 25 cts., oz. 75 cts.

Aconitum Wilsoni. (Novelty, '08.) **H.P.** This recent introduction from China, with large, pale blue tresses, is the latest flowering of all the Monks-hoods. It attains a height of from 4 to 5 feet, and after the terminal flower truss is over lateral shoots are produced which continue its flowering season into November. Trade pkt. 50 cts., 3 for \$1.25.

Begonia, Boddington's Crimson Bedder. (Novelty, '09.) **H.H. P.** A new strain, with small foliage and glowing scarlet-crimson flowers. As a bedding plant this variety is worth growing for its rich russet-crimson foliage only. Trade pkt. 50 cts.

Bellis perennis monstrosus albus fl. pl. and roseus fl. pl. GIANT ENGLISH.

DAISIES. (Novelty, '09.) For strength, robust growth, and size of flowers, these two new Giant daisies excel all varieties hitherto disseminated. Each plant producing from 12 to 15 flowers, 2 to 3 inches in diameter. Each, trade pkt. 25 cts., 5 for \$1.

Boddington's Matchless Brilliant Scarlet Cineraria. (Novelty, '09.) This variety introduces a new color surpassing all the brilliant shades hitherto known among Cinerarias. Its brilliant scarlet enriches the display of the large-flowering Cinerarias by a shade specially valuable in the winter months. $\frac{1}{2}$ trade pkt. 60 cts., trade pkt. \$1.

Single Early Chrysanthemum. (Novelty, '09.) **H.H.P.** The Early Singles have quickly gained in popularity. The seed is procured by us from Wells, the great Chrysanthemum specialist, of England. Splendid mixture. Trade pkt. 50 cts. and \$1.

Directions.—Sow end of February, or early in March, in pots or boxes, in a frame or greenhouse, prick off when ready, and treat exactly the same as Ten Weeks Stock or Asters, planting them in the open first week in May.

Dianthus laciniatus Vesuvius. (Novelty, '08.) **H.A.** A beautiful single variety, with intense orange-scarlet flowers, a most brilliant color and a grand acquisition to this class of plants. Trade pkt. 25 cts., oz. \$1.

Francoa glabrata. (Novelty, '08.) **H.H.P.** Flowers are of the purest snow-white, are very freely produced on large-branched spikes, invaluable as a cut flower. Trade pkt. 35 cts., 3 pkts. for \$1.

Calceolaria Veitch's Hardy Hybrid, Golden Glory. (Novelty, '09.) **H.H.P.** As a greenhouse plant this will be invaluable, but as a hardy herbaceous plant it will take a high position for its glorious coloring, golden yellow. Trade pkt. 50 cts., 3 pkts. \$1.25.

NEW CENTAUREAS (Novelty) H. A.

Magnificent flowers of brilliant color.

THE BRIDESMAID. Lemon-yellow. Trade pkt. 40 cts., 3 for \$1.

HONEYMOON. Golden yellow. Trade pkt. 40 cts., 3 pkts. \$1.

THE BRIDE. Pure white. Trade pkt. 40 cts., 3 pkts. \$1.

THE BRIDEGROOM. Heliotrope. Trade pkt. 40 cts., 3 pkts. \$1.

Columbine, Long-spurred, Rose Queen (*Aquilegia coerulea fl. rosea*). (Novelty, '08.) **H.P.** Long-spurred flowers of light to dark rose, with white center and yellow anthers. Trade pkt. 25 cts., 5 pkts. for \$1.

Chrysanthemum coronarium, Tom Thumb Primrose Gem. (Novelty, '08.) **H.A.** The habit of the plant is very dwarf and compact, 15 inches in height, covered with beautiful double well-formed flowers of a rich primrose color well adapted either for borders or pot culture. A great advantage on anything yet introduced in this class of Chrysanthemums. Trade pkt. 25 cts., 5 pkts. \$1.

Cineraria maritima candidissima, Diamond. **H.H.P.** This variety is a much-improved type of *Cineraria maritima candidissima*, with pure white leaves, which are extremely serrated and equal in color to *Centaurea candidissima*. Trade pkt. 25 cts., oz. \$1.

Gilia Coronopifolia

(NOVELTY, '09. H.H.B.)

Gilia coronopifolia

This remarkable plant is unique from the fact that it has been lost to view for a number of years. This is surprising considering the beauty and general worth of this delightful plant.

Only a slight idea can be gained from the illustration. The extremely brilliant scarlet flowers are borne successively in great profusion, and buds and flowers are always appearing from the top to the bottom of the flower-spike, reminding one more of four or five spikes of the *Lobelia cardinalis* being bound together and flowering at one and the same time. The following was expressed in the Royal Horticultural Society Journal, Vol. XXXII, page CXXIV:

"One of the most beautiful biennials we have, and, though an old plant, it is rare. The flowers are borne in clusters and are of a bright shade of scarlet and most effective, should be better known and extensively grown."

Cultural Notes

Seed should be sown in pans in a cool greenhouse in April and May. Prick off into $2\frac{1}{2}$ -inch pots when ready, and shift into 5-inch pots when pot-bound.

If planted out in May or June they will flower during July, August and September. They may be grown on as pot plants and will flower well in 5- and 6-inch pots. The brilliant scarlet flowers make it a grand subject for decoration in the conservatory. (See illustration.)

Trade pkt. 25 cts., 5 for \$1
Large trade pkt. 50 cts., 3 for \$1.25

Gerbera Jamesoni hybrida.

(Novelty, '10.) first raised by Gardens at Cambridge, England, by hybridizing

H.P.P. Gerbera Jamesoni hybrida Mr. Lynch, curator of the Botanic the Gerbera Jamesoni from the Transvaal with *G. viridifolia* and then recrossing the progeny. Mr. Lynch added to the brilliant orange-scarlet of the type a series of fine new colors, including pure yellow, orange, salmon, rose, cerise and ruby red to violet. This variety is somewhat hardier than the parent form. When sowing, it is recommended to place each seed with the pointed end upwards, just above the surface of the soil. Pkt., containing 50 seeds, \$1. 100 seeds \$1.75.

Gerbera Jamesoni hybrida

useful for cutting and arranging with other flowers. Seeds can be sown in the open ground, in the early spring. Trade pkt. 25 cts., 5 for \$1, ½ oz. \$1.25, oz. \$2.

Helianthus (Sunflower), Chrysanthemum-Flowered. (H.A.) This is an annual variety with large intensely double bright golden flowers. The plant branches and makes fine, long stout stems for cutting. This is the finest variety in existence for this purpose. Trade pkt. 5 cts., oz. 15 cts., lb. \$2.

Impatiens Oliveri. (Novelty, '10.) **T.A.** This grand Impatiens was introduced recently from British East Africa and has caused quite a sensation in Europe, where it has been exhibited. The plants are very vigorous and produce during the summer in the open ground, a profusion of flowers of a delicate pink color. This resembles in color and form the beautiful orchid *Miltonia vexillaria*. Trade pkt. 50 cts., 3 pkts. for \$1.25.

Leucanthemum maximum semiplenum (The Semi-double Shasta Daisy)

(Novelty, '10.) **H.P.** This is a grand type of the Shasta Daisy. The flowers are quite large, with three to six rows of ray florets; are snow-white with a small yellow disc. The stems are long and wiry. This will make an excellent companion for the single Shasta Daisy, and is perfectly hardy. It is strongly recommended as a cut flower. Trade pkt. 20 cts., 6 pkts. for \$1.

Lobelia, Illumination (Cardinal fulgens). (Novelty, '10.) **H.P.** It grows about 2 feet in height, producing very strong flower-stems with bronze foliage, similar to the variety Queen Victoria. The flowers in color are intensely scarlet; very compact and form a fiery, torch-like mass of flowers. Trade pkt. 25 cts., 5 pkts. for \$1.

Lupinus polyphyllus roseus. (Novelty, '08.) **H.H.P.** A perfectly distinct variety of the old Polyphyllus, making a charming plant for herbaceous borders, etc. The flowers are produced in long spikes of a lovely soft rose-pink color. The plants are perfectly hardy and of a robust branching habit. If sown early will flower the first year from seed (see illustration). Trade pkt. 15 cts., ¼ oz. 25 cts., ½ oz. 40 cts., oz. 75 cts.

Larkspur, Boddington's Giant Hyacin'h-Flowered Navy Blue. (Novelty, '08.) **H.A.** A grand variety for cutting purposes; color intense blue. Pkt. 15 cts., 2 pkts. for 25 cts., oz. \$1.

Marigold, Boddington's Gold Medal African. The two following varieties were selected by our representative, while in Europe this summer, who saw them exhibited at the Royal Horticultural Society's meeting, in London. Some of the blooms measured 4½ inches across and were intensely double. Colors of the flowers rich orange and lemon. Any customer desiring really good Marigolds should purchase this stock. **Prince of Orange** and **Lemon Queen.** Each trade pkt., 35 cts., 3 pkts. for \$1, ¼ oz. \$2.00.

Mignonette, Boddington's Majesty. The finest of all the fancy varieties of Mignonette for winter forcing; an improvement on Allen's Defiance. Seed saved from select spikes under glass. We have received many testimonials with regard to this variety. Trade pkt. 60 cts., ½ oz. \$1.00, oz. \$7.50.

Lupinus polyphyllus roseus

Petunia, Canary Bird. (*P. grandiflora fimbriata aurea*). (Novelty, '08.) **H.H.A.** The flowers are of medium size, with finely fringed and curled borders of a distinct yellow color, which deepens in the throat. Trade pkt. 25 cts., 5 pkts. for \$1.

Petunia, The Rainbow. (Novelty, '09.) This large flowering single variety is of immense size, throats of intense yellow lobes and fringe of rainbow colorings making a very attractive combination. Trade pkt. 50 cts., 3 for \$1.25.

Petunia, Large Double-Fringed rosea. (Novelty, '09.) This variety is of the giant double-flowering class of the fringed perfection type; color of the flowers a delightful soft pink and pink and white mottled. Trade pkt. 50 cts., 3 for \$1.25.

Primula Kewensis, var.

Farniosa (Veitch). (Novelty, '09.) **H.H.P.** A new selection obtained from the beautiful *Primula Kewensis*. The stems and foliage being elegantly covered with a silvery white powder, make it a most charming and effective variety. Trade pkt. 75 cts.

Rehmannia, Angulata,

Pink Perfection. (Novelty, '08.)

H.H.P. The large flowers, resembling those of the *Incarvillea*, are of a clear, bright pink color, with a distinct pale throat, the markings of which vary considerably. The spikes are from 4 to 5 feet high and produce their flowers from within a few inches from the base, which is a great advantage; they continue in flower for several months. Trade pkt. 35 cts., 3 pkts. for \$1.

Salvia Splendens, King

Emanuel III. (Novelty, '09.) This variety grows to the height of 16 to 18 inches, is globular in shape and blooms early in the season, covering itself completely with long bright scarlet flowers down to the ground, which makes a glittering effect, resists heat without losing leaves or flowers. Trade pkt. 25 cts., 5 pkts. for \$1.

Salvia Pittieri. (Novelty '08) **H.H.P.** It forms well-branched and compact-growing bushes of about 3 feet high and stands all the summer in full bloom. The flowers of a vivid cochineal-red, standing on dark, rather bluish hued stems, and even the cups in which the yet unopened flowers stand are quite dark. Trade pkt. 25 cts., 5 for \$1.

Salvia Zurich. (Novelty '08) **H.H.P. A.** A compact, very early and very free-flowering variety of the *Splendens* type, the plant not exceeding more than 12 inches in height, with erect spikes covered with a mass of the most brilliant scarlet flowers. It commences to bloom early in June, and continues to make a grand display throughout the autumn. Trade pkt. 50c., oz. \$5.00.

Salvia Turkestanica. (Novelty, '08.) **H.H.P.** The plant grows over 3 feet high. Although a perennial it is quite hardy. Trade pkt. 25 cts., 5 pkts. for \$1.

Sweet William, Double Rose. (*Dianthus barbatus rosea fl. pl.*) (Novelty '08.) **H.P.** Large umbels of handsome rose-colored flowers distinguish this new Sweet William from other already known varieties. Trade pkt. 15 cts., 3 pkts. for 50 cts.

Sweet William, Annual Varieties Mixed. (Novelty '08.) **H.A.** This new variety grows about 9 inches in height; flowers of good size, well marked and very free-flowering. Seed sown from January to March will bloom the same year. Trade pkt. 10 cts., 3 pkts. for 25 cts., ½ oz. 60 cts., oz. \$1.

Scabious, The Bride. (Novelty '08.) **H.A.** The flower-heads of large size, of the purest snow-white, are borne on long wire-like stems nearly a foot in length and thus lend themselves to all floral work. Trade pkt. 15 cts., 3 pkts. for 40c.

Sweet William "Newport Pink." (Novelty '08.) **H.P.** A distinct new color in this favorite hardy plant. In color it is what florists call water-melon-pink or salmon rose. Strikingly beautiful; the habit of the plant is perfect, being well-formed, neat and compact, the flowers borne in massive heads on stems 18 inches high. Trade pkt. 35 cts., 3 pkts. for \$1, ½ oz. \$2.75, oz. \$5.

Stock, Prince Bismarck, Pure White. **H.A. (Large-flowering Pyramidal Ten-Week).** This fine novelty Stock is of robust pyramidal habit and reaches the height of 2½ feet and even more under good cultivation. It is somewhat later than the ordinary ten-week varieties, and usually starts into flower when the former are through blooming. This will be a fine addition to the Ten-Week Stock and will prove a very useful cut-flower variety, owing to length of stem. Trade pkt. 15 cts., 3 pkts. for 40c.

Stock (Giant), Abundance. (Novelty, '10.) **H.A.** It will be excellent for a summer or winter-flowering variety. The extraordinary growth of the plant is caused by the central stem dividing into twelve to fifteen lateral branches which in their turn produce fifteen to twenty side shoots, forming magnificent spikes of flowers. Color, fine shade of carmine-rose, similar to Queen Alexandra. This will prove an excellent variety for cutting; for as the name describes it, it is an enormous and abundant flower. Trade pkt. 25 cts., 5 pkts. for \$1.

Verbena hybrida compacta lutescens. (Novelty, '09.) **H.H.P.** Compact, dwarf variety, with erect flower stems, bearing round trusses of creamy yellow flowers, standing well above the foliage. Trade pkt. 15 cts., 3 pkts. for 40c.

Verbena hybrida pumila "Meteor." (Novelty, '09.) **H.H.P.** New miniature Verbena, forming very dwarf bushes of 6 to 8 inches in height by 10 to 12 inches in breadth. Flowers of faultless form, of an intense deep scarlet; excellent for carpet or ribbon borders. Trade pkt. 15 cts., 3 pkts. for 40c.

Verbena hybrida compacta, Rosamond. (Novelty, '08.) **H.H.P.** Very dwarf bushy Verbena, with the trusses of pure rose-colored flowers. Excellent for bedding and edging on account of its uniform, low, spreading growth. Trade pkt. 15 cts., 2 pkts. for 25 cts.

Verbena, Mammoth, Rose Queen. (Novelty, '10.) **H.A.** This is an excellent novelty and comes remarkably true from seed. The flowers which are of a most brilliant rose, measure 1 to 1½ inches across. It is a strong grower and very free-flowering. Trade pkt. 30 cts., 4 pkts. for \$1.

Zinnia, Boddington's Lilliput, Scarlet Gem. (Novelty '08.) **H.A.** One of the most charming introductions, the plants fairly bristling with double blooms of intense, dazzling scarlet. A grand variety for borders or edging. Trade pkt. 10 cts., 3 pkts. for 25 cts. oz., 50 cts. For other Lilliput Zinnias, see page 31.

Zinnias, Boddington's Quality. **H.A.** When our representative was in Europe, the past summer he took particular pains to inspect the growing crops of Dwarf Zinnias, and secured a stock of the finest strain he saw in England, flowers measured 3¼ to 4 and sometimes 5 inches in diameter, and he counted nearly 300 petals upon some of the flowers. The singles had been thoroughly "rogued." Upon page 30 are the cream of the varieties and colors selected with special care as to their distinctness and habit. It is not generally known that so-called Dwarf Zinnias will reach nearly 3 feet some seasons. Customers desiring a real Dwarf Zinnia for bedding should select the Lilliputs on page 31 which do not exceed more than 12 inches.

Boddington's Majesty Mignonette

Boddington's Quality Zinnias

(H.A. 2 ft.)

Zinnia elegans plenissima Savoja. (Novelty '09.) H.A. The color of the flowers is a singular mixture of yellow and red, the outer petals a nice dark red, graduating to the center in golden yellow. This wonderful color may best be termed salmon-orange. Trade pkt. 25 cts., 5 pkts. for \$1.

For other varieties of Zinnias, see pages 30 and 31.

Boddington's Perfection Calceolaria, Matchless Cinerarias, Matchless Primulas, Challenge Pansies, Schizanthus, and Gigantic Cyclamen are unequaled for color and size of flower, and we have hundreds of testimonials to prove it.

Choice Asters of Recent Introduction

The following varieties have all been tried, and from personal observation and report are worthy and will become standards in their respective classes.

Daybreak. Flowers very large and double, of a beautiful shell-pink color. This is a grand Aster for cutting purposes, growing 2 feet high. The best late market Aster of its color to date. Trade Pkt. 35 cts., oz. \$1.75.

The Favorite. An aristocrat among the Comet Asters. Color beautiful blush, changing to rich deep pink as the flower becomes older; the petals wavy reflexed. The plants grow 18 inches high, bearing large-sized blooms of beautiful form; invaluable for cutting. Trade Pkt. 25 cts., 1/4 oz. 60c., oz. \$2.00.

Purity. One of the most beautiful of the Branching Asters. Double flowers of glistening pure white; similar to Day-break in form and habit of growth. Trade Pkt. 35 cts., oz. \$1.75 (See illustration.)

**Purity Asters**

Miss Roosevelt (Victoria). The flowers of this new Aster are of a clear primrose tint, which after some time changes to a delicate flesh-color, like that of the popular Gloire de Dijon rose. A splendid cut-flower. Trade Pkt. 35 cts., 3 for \$1.

Vick's Mikado. An entirely new class of Branching Asters, growing from 16 inches to 2 feet high, and bearing immense curled and twisted flowers on long, stiff stems, resembling at a distance, huge, ragged Japanese Chrysanthemums. Trade Pkt. 35 cts., 1/4 oz. 75 cts., oz. \$2.50.

Snowdrift. Certainly one of the earliest Asters in cultivation. The entire energy of the plant seems given to the production of slender, upright stems 12 to 20 inches long, crowned with immense feathery flowers. Trade Pkt. 35c., 1/4 oz. 75c., oz. \$2.50.

Giant Comet, Ruby. The finely curled flowers, resembling a chrysanthemum, are raised upon long stems, and open in a glowing scarlet, turning at the close of the period of flowering into dark scarlet. Trade Pkt. 35c., 3 for \$1.

Giant Comet, Queen of Spain. Primrose, turning to blush; it has the same beautiful effect of coloring as Miss Roosevelt, in the Victorian class. Trade Pkt. 35 cts., 3 for \$1., 1/4 oz. \$1.

Boddington's Quality Antirrhinum (see pager3)

CHOICE ASTERS OF RECENT INTRODUCTION, continued

Giant Comet. White, changing to Amethyst-blue. Extremely delicate new color of this beautiful tall-growing class, with large, double, long-petaled, curly flowers, which are nearly pure white in opening, changing, as the flower is developing, to a clear light blue tint of a wonderful pleasing effect. Trade pkt. 35 cts., 3 for \$1.

Vick's Violet King. The peer of the grandest Chrysanthemum. The habit is similar to the popular Vick's Branching, vigorous in growth, long, stiff stems; petals somewhat resemble the quilled varieties, but much larger and broader, completely covering the crown. In shape and size the bloom is round, full and large, many of the flowers 4 to 5 inches. Its color is a soft violet-lilac. Trade pkt. 30 cts., oz. \$1.50.

Lavender Gem. A beautiful variety of Aster, of the Comet type, with large, loosely arranged flowers, which are perfectly double, and of a beautiful, delicate shade of lavender; flowers are borne on long stems, and are excellent for cutting. Trade pkt. 35c., ¼ oz. 75c.

Hercules. Of imposing aspect, the plants throw up a very strong stem, 15 to 20 inches high, which begins to branch about 4 inches from the ground. Flowers are borne on remarkably strong stalks, are all the purest white, of the genuine Hohenzollern form, with very long petals, and attain the enormous diameter of 6, or, with good culture, as much as 7 inches. Trade pkt. 35 cts., 3 for \$1.

Cardinal. The color is, as its name implies, a beautiful shade of cardinal. The growth is similar to the Branching Asters, but some dwarfier, but not so dwarf as to prevent its being one of the very best varieties for cutting purposes. The flowering season begins about the middle of August and the flowers retain their brilliant coloring for many weeks. Trade pkt. 25 cts., ¼ oz. 40 cts., oz. \$1.50.

Sunset. A seedling from Daybreak. The habit of the plant is the same as the well-known varieties Daybreak and Purity. The color of the flowers is a delicate shade of light pink, shading to a rich pink in the center, making a beautiful combination of colors in one deep flower. The flowers are globe-shaped and are borne on long stems in profusion. Trade pkt. 35 cts., ¼ oz. 60 cts., oz. \$2.00.

Single Comet Asters

These are becoming very popular. Flowers measure 4 to 6 inches across.

Saved from the richest and most varied flowers grown. All shades of color are included, from the deepest crimson to the lightest pink, as well as orange, yellow and white. ½ pkt. 60 cts., pkt. \$1.

BODDINGTON'S PRIZE DOUBLE, MIXED

Our seed has been saved from remarkably fine double-flowering plants, including all the most beautiful colors. ½ pkt. 60 cts., pkt. \$1.

Calceolaria Hybrida, Boddington's Perfection

The herbaceous Calceolaria is an easily cultivated plant. So long as frost is excluded from the plants in winter they are perfectly safe, and to attempt to hasten growth at any time is a failure. July is the best month for sowing the seed. The great advance made in the habit of the strains offered is remarkable, whilst in the colors there is a marked improvement. Saved by England's most famous specialists. Monster flowers of rich and varied colors, including spotted, faced, blotched, and self-colored varieties. $\frac{1}{2}$ pkt. 60 cts., pkt. \$1.

CARNATION, VANGUARD

This race of Carnations, of unusual merit, have universally pleased our customers, and brought an immense number of gratifying reports from those who have grown them. The great merit of this strain is that it produces an admirable form of exquisitely scented flowers within six months from the date of sowing; hence it is easy to grow the best Carnations as annuals, saving all the trouble of wintering the plants. A succession of these popular flowers can be maintained after the perennial varieties have gone out of bloom. The colors include Fancy, Self, Bizarre and Yellow Grounds. Mixed colors. $\frac{1}{2}$ trade pkt. 75 cts., trade pkt. \$1.25.

GIANT SWEET SULTAN (Centaurea Imperialis). H.A.

This new *Centaurea* represents the best that has been produced in these beautiful summer-blooming plants. The bushes are about 4 feet high, and are covered with large, beautiful flowers of the form and fragrance of *Centaurea Margaritae*. The flowers will keep for over a week in water, if cut just when they are about to open. It is of easiest culture. If a package is sown every two or three weeks until July, a constant succession of bloom can be had throughout the whole summer and fall. This is one of the best of the hardy cut-flowers, and they are forced very extensively under glass by florists.

Boddington's Pure White. One of the best white flowers for cutting; extremely large, sweet and beautiful.

Armida. Very delicate color; pink with white tinge.

Iphigenia. Delicate rose-lilac, white center.

Favorita. Brilliant rose.

Graziosa. Intense dark lilac.

Lilacina. Lilac; very distinct.

Purpurea. Brilliant purple-rose.

Rosea. Deep rose.

Splendens. Brilliant dark purple.

Variabilis. White, marked purple, fading to rose.

Any of above kinds, trade pkt. 15 cts., oz. 40 cts.

Boddington's Matchless Cinerarias

In the culture of the Cineraria the one mistake so often made is that of sowing the seed too soon. The plants thus raised, more often than not, make a rank growth; this is not in any sense desirable. By sowing in May and June plants large enough for all decorative purposes can be had. In after treatment the aim should be to secure as hardy a growth as possible. Sturdy plants with leaves of medium size are best.

**Boddington's Matchless Cineraria**

BODDINGTON'S MATCHLESS CINERARIA. A combination of the three most famous English strains, which we can recommend to those wishing to grow the best. **Tall**, ¼ trade pkt. 60 cts., trade pkt. \$1; **Dwarf**, ¼ trade pkt. 60 cts., trade pkt. \$1.

Boddington's Early-Flowering Cosmos

Boddington's
Gigantic Cyclamen
Showing habit
of plant

Boddington's Gigantic Cyclamen

The seed of Cyclamen is often sown too early in the year; from the middle of August to the end of September is the best time. The seedlings should be grown on to the flowering stage without any check whatever. When grown cool the results are most satisfactory. Boddington's Gigantic Cyclamen are unequaled for size and quality of the bloom. A magnificent strain of Cyclamen with flowers of extraordinary size and substance.

- Gigantic White Butterfly.** Pure white; immense flowers.
- Gigantic Snowflake.** The largest of all white Cyclamen.
- Gigantic Cherry-Red.** Most brilliant and effective.
- Gigantic Rose.** Immense flowers of a pleasing shade of light rose.
- Gigantic Pink.** Exquisite shade of soft pink.
- Gigantic Crimson.** Most striking color; under artificial light appears to be almost luminous.
- Gigantic Crimson and White.** A magnificent flower of the largest type.
- Any of the above varieties, trade pkt, 50c., 100 seeds \$1, 1,000 seeds \$8.
- Gigantic Mixed.** A mixture of the above varieties in proper proportion. Trade pkt. 50 cts., 100 seeds \$1, 1,000 seeds \$7.50.
- PRINCESS MAY.** A very pretty type of Cyclamen. Color pink, with suffused blotches of crimson at base of petals. Trade pkt. 50 cts., 100 seeds \$1.
- SALMON QUEEN PINK.** Undoubtedly the most distinct and beautiful color found in Cyclamen. Habit good and foliage handsomely marked. Trade pkt. 50 cts., 100 seeds \$1.
- Cyclamen Persicum giganteum, Salmonium splendens.** Similar to the foregoing, only color more unique and intensified. Trade pkt. 50 cts., 100 seeds \$1.
- Cyclamen Persicum giganteum, Rocco.** The flowers, which are beautifully fringed, measure 5 inches in diameter; are borne on straight upright stems. Trade pkt. 50 cts., 100 seeds \$1.
- Cyclamen Persicum giganteum, Bush Hill Pioneer.** A beautiful new feathered Cyclamen in various colors. Trade pkt. 50 cts., 100 seeds \$1.

Latifolius atro-coccineus fl. pl. H.P. A hybrid between the China Pink and Sweet William. The heads of brilliant red flowers are quite double. Will flower the first season from seed	20	75

See also Pinks and Carnations.

DIANTHUS HEDDEWIGI LACINIATUS FL. PL. SNOWDRIFT

A grand new double white summer pink; large flowers. One of the best introductions of the season. Trade pkt. 25c., 5 pkts. for \$1.

DIANTHUS LACINIATUS MIRABILIS (H.A.)

This remarkable and perfectly distinct new strain of annual Pinks originated in Japan. The plants grow from 12 to 15 inches in height and produce their large, lovely flowers of about 3 to 4 inches in diameter, on stiff, upright stems. The petals of the flowers are very deeply cut into fine strips of thread-like fringes for one-third or nearly one-half their length. The fringes are turned and twisted in all directions. There are all shades of color, from pure white and white with pink or red zones to rose and deep purplish red. Trade pkt. 15 cts., oz. 75 cts.

DIANTHUS LACINIATUS MIRABILIS FL. PL.

Double-flowering hybrids of the above. The plants, showing the same distinct foliage in the sowing bed as that of the single-flowering strain, attain a height of from 12 to 15 inches and produce their large, beautiful double flowers, of about 3 to 4 inches in diameter, on stiff, upright stems. The petals of the flowers are very deeply cut or fringed in the most wonderful forms. Their colors are very rich and varied, ranging in all shades from pure white and white with pink or red zones to rose, and all intermediate colorings to dark purplish red, including fine striped varieties. Trade pkt. 25c., 5 pkts. for \$1.

DIANTHUS LACINIATUS (H.A.)

SALMON QUEEN. Delicate salmon-red, very rich intense color. Trade pkt. 10 cts., oz. 50 cts.

SALMON QUEEN, Double. A splendid double variety of the above. Trade pkt. 25 cts., oz. \$2.

DIANTHUS SUPERBISSIMUS, QUEEN ALEXANDRA

A very fine, pure white variety. The purest and largest-flowered white Dianthus ever offered. This should prove one of the handsomest and finest cut-flower varieties. Trade pkt. 15 cts., oz. \$3.

ESCHSCHOLTZIA, BODDINGTON'S CARMINE KING

Carmine King, a beautiful rose-colored variety, in many instances as intense on the inside as on the outer petals, which gives it an altogether bright and novel effect. Trade pkt. 25 cts., oz. \$1.

Fern (Spores)**CULTURAL DIRECTIONS**

Take a clean 5- or 6-inch pot, or 6- to 7-inch pan, and fill it to within 2 inches of the top with coarse ashes; on top of this put about 1½ inches of fine soil and firm down; give good watering with boiling water, using a fine rose; after drying off a little, sow the spores but do not cover, put in a saucer filled with water placing a pane of glass over the pot or pan. Never top-water. After first real leaves appear they should be pricked out into flats.

Gloxinia, Boddington's Large-flowered Striped and Marbled

These very remarkable Gloxinias have, by careful selection, now been so far fixed. The ground color of the large, erect and widely-opened flowers is a velvety purple-crimson, with a rosy white throat. On the often seven-lobed corolla appear more or less sharply defined bands, spots and stripes, characteristic of this new class, the latter mostly of a violet hue. Trade pkt. 75 cts., 3 pkts. for \$2.

GLOXINIA, BODDINGTON'S IDEAL

This seed, which is saved from the finest Erecta and Superba types by a noted grower of Gloxinias, contains some of the most wonderful self-colored and spotted varieties. ½ trade pkt. 60 cts., trade pkt. \$1.

For Gloxinia Bulbs, see page 37

Chaters English Double, Fine Mixture	25	2 50

SINGLE HYBRID EVERBLOOMING HOLLYHOCKS.

Plants can be treated exactly as annuals; the seed may be started in the house or hotbeds in March or April, and will commence to flower in July, and stay uninterrupted in flower until very late in the season, in a very rich collection of colors, from snowy white, rosy carmine, yellow, blood-red to the deepest black. Plants branch out freely and grow to a height of about 10 ft. Trade pkt. 10 cts., oz. 50 cts.

DOUBLE HYBRID EVERBLOOMING HOLLYHOCKS.

This mixture contains a rich collection of colors, from white to deep black, light and canary-yellow, flesh-color, dark, light and salmon-rose, scarlet, cherry, red, purple, blackish brown, etc. The plants can be treated as above. Trade pkt. 25c., oz. 50 cts.

HUMULUS Japonicus (Japanese Hop).

H.P. 12 ft. Fast-growing annual climber

Japonicus foliis variegatus. A variegated form of preceding

HUNNEMANNIA fumariaefolia

(Giant Yellow Tulip Poppy, or Bush Eschscholtzia). This is by far the best of the Poppy family for cutting, remaining in good condition for several days. Seed sown early in May will, by the middle of July, produce plants covered with their large buttercup-yellow poppy-like blossoms, and never out of flower until hard frost. The plants grow about 2 ft. high. ¼ lb. \$1. 10 30

ICE PLANT (*mesembryanthemum crystallinum*).

A little trailing plant of dwarf habit for rockwork or flower borders

IBERIS Gibraltarica.

H.P. Hardy Candytuft of vigorous growth. Fine for rockwork; flowers delicate lilac, borne freely

Ipomoea (Morning-Glories)

H.A.

Coccinea. 10 ft. Scarlet flowers... Oz. ¼ lb. \$0 10 \$0 30

Imperial Japanese (Japanese Morning-Glory). See **Convolvulus**.

Leari. Dark blue. Trade pkt. 25c. 1 00

Mexicana grandiflora alba. 15 ft. 40 1 25

Bona-nox (Good-night). Opens large white flowers in the evening. 1 lb. \$1. 10 30

Rubro-coerulea (Heavenly Blue). 15 ft. Sky-blue flowers opening in the early morning. Trade pkt. 15c. 40

Quamoclit. See **Cypress Vine**.

Setosa (Brazilian Morning-Glory). 10 to 20 ft. Makes a thick growth of large lobed leaves, large rosy flowers, pink star in center

Isolepis gracilis G.P.

Elegant decorative plant with slender, bright green, drooping foliage, which entirely hides the pot. Much used for decorative purposes. Trade pkt. 25 cts.

Impatiens Holstii T.A.

It forms bushes 1½ to 2 ft. high, and resembles in habit, foliage and shape of flower the popular *I. Sultani*, but surpasses it in its quicker and more vigorous growth and its larger and brighter-colored flowers. Trade pkt. 25 cts., 5 pkts. for \$1.

IMPATIENS HOLSTII, NEW HYBRIDS (Mixed)

It is seldom that a novelty comes as quickly into general favor as the splendid East African Balsam, *I. Holstii*. With its brilliant vermilion-red flowers, it is indeed an excellent pot-plant. It may be remarked that the broad-petaled blooms are 1¼ to 1½ inches in diameter. The new colors now offered are quite distinct. Trade pkt. 25 cts., 5 pkts. for \$1.

Boddington's Scarlet Defiance Larkspur

IMPATIENS HOLSTII DELICATA

Exceedingly large-flowering hybrid of *Impatiens*, obtained by artificial crossing. The color of the blossoms is very delicate light rosy pink, with a darker center. Magnificent plant for bedding in half-shady situations, and are also very free-flowering and attractive as a pot-plant. Trade pkt. 25 cts., 5 pkts. \$1.

IMPATIENS Sultani (Perennial Balsam). G.S. Brilliant rosy scarlet. Trade pkt. 25 cts., oz. \$2.

Incarvillea Delavayi (Hardy Gloxinia) H.P.

A hardy tuberous-rooted plant, and one of the choicest perennial plants introduced in recent years. It produces large, gloxinia-like rose-colored flowers, which last in perfection a long time; these are produced in clusters on stems 18 inches high; should be protected with a covering of leaves during the winter. Trade pkt. 25 cts., oz. \$2.50.

For roots, see page 45.

KENILWORTH IVY (Kentucky Ivy; *Linaria cymbalaria*). H.P. Trailing perennial. Violet flowers. Trade pkt. 10 cts., oz. \$1.50.

Kochia trichophylla (Mock Cypress, or Fireball) H.A.

A pretty half-hardy annual, forming compact bushes about 2½ feet in height, with small feathery light green drooping foliage, which changes, as the summer advances, to a deep green and to a crimson hue in September. Very fine specimens have been exhibited in pots, to which it is admirably adapted. Seed may be sown in March, giving the same treatment as for balsam or other similar annuals, care being taken to secure a good drainage, as it is sometimes slow in germinating; or seed may be sown in April and the seedlings planted out two feet apart in the open border about the end of May. Trade pkt. 15 cts., oz. 50 cts.

KOCHIA Scoparia. Similar to the above, but not so graceful. Trade pkt. 15 cts., oz. 50 cts.

Larkspur (H.A.) 1 ft.

Trade pkt. Oz.

Double Dwarf Rocket. Azure-blue	\$0 10	\$0 25
Double Dwarf Rocket. Mixed colors	05	10

MUSA Ensete (Abyssinian Banana). S.G. 100 seeds, \$1; 1,000, \$7.50..

Myosotidium Nobile

The New Zealand Giant Forget-me-not

Sometimes called the Chatham Island Lily. This is a plant little known in America, and we are offering seed for the first time. It is one of the most beautiful herbaceous plants and is perfectly hardy; it can also be grown for the greenhouse decoration. Color deep azure-blue; edged white; flowers as large as a *Phlox Drummondii*; flower-stems 18 inches in height above the foliage, which is of a deep green; shape broad and glaucous. Seed should be sown in heat, pricked out and finally transplanted into open culture. Succeeds best in a shady situation and is of easy growth. Trade pkt. 50c., 3 pkts. \$1.25.

NICOTIANA affinis. H.A. 3 ft. Clusters of long white flowers; fragrant. Trade pkt. 10 cts., oz. 20 cts.

Affinis, Boddington's Choice Hybrids. Fine variety of bright colors; sweet-scented. Trade pkt. 25 cts.

NICOTIANA SANDERAE HYBRIDS

These superb new forms have been obtained by crossing *Nicotiana Sanderæ* with *N. alata* and *N. sylvestris*. They come in eight separate colors, ranging from pure white to deep scarlet, some of the intermediate tints being of exquisite beauty. They are perfectly hardy and will bloom in the open air all through the summer. Collection of eight varieties, 35 cts.

Mixed. Trade pkt. 10 cts., 1/4 oz. 50 cts.

Nigella, Miss Jekyll (Love-in-a-Mist) H.A.

Lovely variety, giving an abundance of long-stemmed flowers, which are of a clear cornflower-blue, prettily set in slender foliage. One of our most attractive annuals. The plants are extremely hardy, and an autumn sowing produces the best specimens for flowering the following summer. Height 18 inches.

Those who require plenty of long-stemmed, graceful flowers of all attractive cornflower-blue color should obtain seed of this delightful variety of Love-in-a-Mist, and sow in the open air during April. Trade pkt. 15 cts., oz. 50 cts.

Finest Mixed. Trade pkt. 10 cts., oz. 40 cts.

BODDINGTON'S QUALITY NASTURTIIUMS

Dwarf, or Tom Thumb*(Tropaeolum nanum)*

These have a neat, compact habit and attractive foliage, are not disturbed by insects, bloom in two months from sowing and most profusely the whole season. A bed of them in full bloom is a perfect glory of color, and a good 6- x 20-foot bed will yield about 1,000 flowers per day. Average height, 9 inches.

SNOW QUEEN

This variety of the Tom Thumb, or dwarf class, is one of the most distinct of recent years. The flowers open sulphur-color, but soon change to pure white. Plants unusually compact and free-blooming. The only white-flowered variety. Oz. 15 cts., ¼ lb. 50 cts.

TALL, or CLIMBING (*Tropaeolum majus*). Besides their ordinary garden use for trailing over fences, trellises, stone walls, etc., these can also be grown as pot-plants for winter flowering, as screens, or as trailers for hanging baskets and vases. Sow plenty of seeds in drills, and thin to 6 inches. They bloom most quickly and profusely in poor soil. Oz. ¼ lb. Lb.

Pentstemon Gloxinoides, Boddington's Hybrids

The hardy Pentstemons are not very well known in America, but they are among the most showy of perennials. The varieties I offer are saved from large gloxinia-shaped flowers, comprising the most varied colors from white to deepest crimson, with intermediate shades of rose, pink and lavender. Seeds sown in heat during January or February will bloom the same season. Trade pkt. 50 cts., 3 pkts. \$1.25.

Our Specialty "Quality" Flower Seeds for Florists

GIGANTIC PANSIES

Can be produced only from the giant strains. Our **CHALLENGE PANSY** seed contains only the giant self-colors, the giant striped and variegated and the giant blotched, etc., all carefully mixed in proportion. You could not buy better seed if you paid \$100 per ounce. Our Challenge Pansy seed during the past season gave unprecedented satisfaction, and every order booked last year was duplicated and increased this year. All the testimonials received mentioned specially the **size** of flowers—color, form and size of the individual blossoms. This year, by adding improved types, intending customers can absolutely rely on a duplication of this season's success with increased satisfaction. Our "mark" for this strain is "**Challenge**," and it is all the word denotes.

Boddington's Giant "Challenge" Pansies

Pansy—Boddington's "Challenge"—All Giants

This mixture contains all the finest Giant strains—of the leading Pansy Specialists in the world—the Giant self-colors, the Giant striped and margined, and the Giant blotched, etc., all carefully mixed in proportion—the finest that money can buy—the finest your money can buy. A florist who has grown it said: "Why don't you call it Defiance?"

PETUNIAS

Boddington's Peerless Petunias

BODDINGTON'S QUALITY DOUBLE FRINGED. Our double Petunias have reached the highest standard of excellence, and may be confidently relied on to produce a large proportion of double flowers of exquisite beauty and great size. N. B. It is important to save the smallest seedlings, as they produce the finest double flowers. $\frac{1}{2}$ trade pkt., about 500 seeds, 60 cts.; trade pkt., about 1,000 seeds, \$1.

BODDINGTON'S CENTURY PRIZE. Gigantic single flowers, having the edges deeply ruffled or fluted; fine substance, with deep white throats. Colors vary from pure white to dark purple-violet, many being beautifully striped or veined. $\frac{1}{2}$ trade pkt., about 500 seeds, 60 cts.; trade pkt., about 1,000 seeds, \$1.

Boddington's Bar Harbor Beauty, Single. The prettiest and the most effective of all single Petunias; color a beautiful rose. Thousands of seedlings show not the slightest variation in color; on this account it is most effective for massing. Trade pkt. 25c.

Boddington's Ruffled Giants. A grand selection of single fringed Petunias. Trade pkt. 50

Boddington's Inimitable Dwarf Compact Hybrids, Single. Flowers blotched and striped. Trade pkt. 25

Canary Bird. Medium size, finely fringed and curled borders; distinct yellow, which deepens in the throat... 5 pkts. \$1... 25

Emperor, Single. Large blossoms, distinct in form, coloring and marking. The solid colors are particularly rich and velvety, some of the crimson blossoms have pink stars, some pure white, while others are distinctly striped. Trade pkt. 50

Howard's Star. Rich crimson, with a distinct white star in center. Trade pkt. 25

Ranunculus, or French. Choice mixed. Trade pkt. 10 20

White Swan (new). Pure double white beautifully fringed. Trade pkt. 10 20

Shirley Poppies

Boddington's Matchless Giant Primulas

PRIMULA SINENSIS

Our *Primula Sinensis* seed has been specially grown for us by the most celebrated English Primula specialist. The flowers are remarkable, not only for size, beauty and brilliancy of the colors, but for the great substance of the petals. Considerable care is necessary in order to secure the successful germination of the seed of the choice kinds of *P. Sinensis*. The most suitable periods for sowing are January to May for autumn, and June to August for spring blooming. Shallow pans, well drained, are the best, the soil consisting of sandy loam and leaf-mold, worked through a fine sieve; the pans when thus prepared, should be well watered before the seed is sown. Only a slight covering of soil or sand is needed. What has most to be guarded against is drought; the soil should be kept in as equal degree of moisture as possible, never being on the dry side. We attribute more failures to this cause than to any other. Just at the time when the seed commences to germinate the least departure from this is fatal.

Boddington's Matchless Giant Primulas, Mixed. This selection includes all my finest Giant Single Primulas of the plain-leaved class. $\frac{1}{2}$ pkt. 60 cts., pkt. \$1.

Boddington's Matchless Giant Pure White.

Boddington's Matchless Giant Blush-White.

Boddington's Giant Double Crimson Star. Very fine double form of the Stellata type. $\frac{1}{2}$ pkt. 60 cts., pkt. \$1.

Boddington's Matchless Giant Primula

PRIMULA OBCONICA GIGANTEA

The following varieties are vast improvements on the old type of *P. obconica*, being freer flowering and of sturdier habit. In habit and foliage they resemble the beautiful *P. cortusoides*, and it is one of the most useful Primulas for pot culture or for the open border during the summer months. To obtain good plants for winter and early spring flowering, the seed should be sown in warmth the previous April or May, and wintered in a cool greenhouse or frame.

Primula obconica gigantea Kermesina. Beautiful deep crimson.

Primula obconica gigantea alba. The pure white flowers greatly enhance the beauty of the existing lilac, rose and crimson shades.

Primula obconica gigantea lilacina. Beautiful lilac.

Primula obconica gigantea rosea. Lovely rose.

Primula obconica gigantea grandiflora. Mixed varieties, containing pure white to deep crimson.

Each of above, $\frac{1}{2}$ pkt. 30 cts., pkt. 50 cts.

PRIMULA floribunda grandiflora (Buttercup). Small yellow flowers, borne in great profusion; fine for pots. Pkt. 50 cts.

Forbesi (Baby Primrose). Pkt. 25 cts.

PRIMULA KEWENSIS (Giant Buttercup)

This plant is a strong grower, with bright green leaves and numerous erect flower-scapes 10 to 18 inches in height, producing flowers in whorls at intervals along their whole length. The flowers are fragrant, bright yellow in color, with a slender tube and spreading limb nearly an inch in diameter. As a winter-flowering decorative plant it is an acquisition; very floriferous when in a small state. ½ trade pkt. 60 cts., pkt. \$1.

BODDINGTON'S LARGE-FLOWERED SALPIGLOSSIS

Highly ornamental half-hardy annual, with large, veined, funnel-shaped flowers, much prized for cutting; very showy in beds or borders. Those who grow a bed of these beautiful plants will find it one of the most striking features of the garden during July and August. Height, 3 ft. Finest mixed. Trade pkt. 50 cts., oz. \$2.

Saintpaulia Ionanthe (G.S.)

(African Violet)

An interesting plant; the leaves, which are dark green, of fleshy consistence and downy surface; flowers violet-like both in color and shape, 1½ in. in diameter, and gracefully borne on stalks 2 to 3 in. high. When well established it will continue to bloom throughout the year, making it a most desirable plant. Trade pkt. 25 cts.

SENSITIVE PLANT, Mimosa pudica. H.H.A. 1 ft. One of the most remarkable and interesting plants in cultivation; the leaves, when touched, instantly fold up. Pkt. 10 cts., oz. 25 cts.

Spegazziniana glauca. The largest of all sensitive plants. Trade pkt. 15 cts.

SHAMROCK (True Irish). Small-leaved Shamrock. ¼ trade pkt. 25 cts., trade pkt. 50 cts., oz. \$1.50.

Viola (Scotch, or Tufted Pansies)

The Scotch Violas, or Tufted Pansies, have of late years been greatly appreciated. There are a great number of varieties, varying in color from pale lavender to deep rich purple, with many charming intermediate shades. They are very free-flowering and cannot be surpassed for bedding purposes; in light, rich soil and a moist situation they will continue to bloom from spring till late in the autumn.

Palm Seeds

We make it a point to deliver nothing but absolutely fresh seeds of the different varieties of Palm Seeds, shipments of which we are constantly receiving from various parts of the tropics. As the various varieties ripen at different seasons of the year, we have indicated below; as nearly as possible, when each sort will arrive, and as these seeds lose their germination very quickly, we earnestly solicit orders in advance.

	Per 100	1,000
Kentia Forsteriana. March	\$0 50	\$4 50

“ Chinensis	1 00	7 50
Phoenix rupicola. March	1 00	7 50
“ reclinata. March	50	3 00
“ Canariensis. March	30	3 00
“ Roebelini	1 25	10 00
Pandanus utilis. March	1 00	8 00
Latania Chinensis. March	2 00	15 00
Musa Ensete. March	1 00	7 50

Ornamental Grasses

The perennial varieties, many of which have beautifully variegated foliage, are valuable for borders and clumps on lawns or among shrubs. The annual sorts are chiefly grown for their elegant flower panicles, which are useful in bouquet work and for dried flowers. They should be cut before being fully expanded.

	Trade	pkt.	Oz.
Agrostis nebuloza. One of the most elegant annual sorts. 1 ft.	\$0 25		\$0 60
Andropogon argenteus. Hardy perennial with silvery plumes; very ornamental in groups. 3 ft.	25		75
Avena sterilis (Animated Oats). The long sensitive awns readily expand and contract, causing the seed to move about; annual. 18 in.	15		30
Anthoxanthum gracile. For edgings; annual.	15		30
Arundo donax variegata. Stately perennial with drooping green and white striped leaves; excellent for lawn clumps. 9 ft.	25		1 00
Briza gracilis (Small Quaking Grass). Beautiful for bouquets; annual. 1 ft.	15		30
“ maxima (Large Quaking Grass). Elegant panicles, excellent for bouquets and dried flowers; annual. 1 ft.	15		30
Bromus Brizaeformis. Large drooping panicles, useful for bouquets; annual. 2 ft.	20		40
Coix lachryma (Job's Tears). A strong broad-leaved grass with large shining pearl seeds; annual. 3 ft.	15		30
Erianthus Ravennae. A hardy perennial grass resembling the Pampas, with beautiful foliage and fine silvery plumes; excellent for lawn specimens. Blooms the first year from seed if sown early. 8 ft.	20		50
Eragrostis elegans (Love Grass). Elegant for bouquets and for use with Everlasting flowers; annual. 1 ft.	25		75
Eulalia Japonica foliis vittatis. This is one of our finest hardy perennial grasses, with long graceful leaves, dark green and white striped. It is one of the most beautiful for forming clumps. 4 ft.	25		1 00
“ zebrina (Zebra Grass). The dark green leaves are barred or crossed at intervals with broad markings of yellowish white. Few variegated plants equal this in beauty.	25		1 00
Gynerium argenteum (Pampas Grass). Half-hardy perennial with magnificent silvery plumes. 10 ft.	20		75
Hordeum Jubatum (Squirrel-tail Grass). Bushy panicles; excellent for bouquets; annual. 3 ft.	15		30

Boddington's Quality Zinnias

	Trade	pkt.	Oz.
Lagurus ovatus (Hare's-tail Grass). Hardy annual with silvery gray tufts; useful for dried-flower work. 1 ft.	\$0 15		\$0 50
Pennisetum longistylum. An annual grass with gracefully drooping heads. 2 ft.	15		30
“ Ruppelianum. The foliage is long and slender, gracefully recurved and glossy deep green in color. If sown in March in heat, the plants should bloom by the middle of July, and the silvery plumes tinted with violet-purple waving in the sunlight are exquisitely beautiful; hardy perennial. 3 ft.	20		50
“ Ruppelianum atrosanguineum. Similar to above but beautifully bronzed.	50		
Stipa pennata (Feather Grass). Hardy perennial with silvery white, feathery plumes. 2 ft.	20		50
Finest Mixed. Many sorts	15		30

**“Quality is Remembered Long After
Price is Forgotten”**

WHAT QUALITY MEANS

Quality means the best and finest types procurable in their respective classes. We go to specialists for our flower seeds. Our customers, the florist, the private gardener, demand the highest grade. We have no cheap catalogue trade. “Quality” may mean a little higher price. “Quality,” in fact, means “quality,” and we know that when you buy from us you get it,—and our customers know it too.

Bulbs for Planting

AND FOR SALE IN YOUR STORE

BODDINGTON'S QUALITY LARGE-FLOWERING TUBEROUS-ROOTED BEGONIAS

Single-Flowering Tuberous-Rooted

For planting in beds and where color effect is desired. Our stock of these bulbs will be found true to color and free from mixture.

Crimson
Scarlet
White, Pure

Rose
Pink, Light
Yellow

Salmon
Orange
Copper

Large bulbs measuring $1\frac{1}{4}$ inches and upward, separate colors or all colors mixed, 35 cts., per doz. \$2.25 per 100, \$20 per 1,000; extra large bulbs $1\frac{1}{2}$ inches and up, same colors as above, 50 cts., per doz., \$2.75 per 100, \$25 per 1,000.

Double-Flowering Tuberous-Rooted

These can be depended upon producing 100 per cent double flowers and contain very large and choice varieties.

Crimson
Scarlet
Rose

White, Pure
Copper Bronze
Salmon

Yellow
Orange
Light Pink

Large bulbs measuring $1\frac{1}{4}$ inches and upward, separate colors or all colors mixed, 60 cts. per doz., \$3.50 per 100, \$30 per 1,000; extra large bulbs $1\frac{1}{2}$ inches and up, same colors as above, 65 cts. per doz., \$4 per 100, \$35 per 1,000.

Begonia Worthiana

This is a dwarf variety of the *Begonia Bertini* (see below), excellent and very free-flowering, which we sent out last year. It is a continuous bloomer, and the brilliant red flowers are borne in great profusion. It will make an excellent bedding variety, and will also be found very useful as an edging for the large-flowered tuberous kinds, or, for that matter, for any beds or summer-flowering plants, and in time will supersede the Vernon and other varieties of that type. 75c. per doz., \$5.50 per 100.

Single-flowered, Tuberous-rooted Begonia

Double-flowered, Tuberous-rooted Begonia

Newer Tuberous-Rooted Begonias

Crested Begonias

These are a remarkable strain of Begonias, ranging in all colors—salmon, pink, white, yellow, copper and scarlet; the size of the flowers is equal to the large singles, with the difference that the petals carry on the upper side a crested-formed cockscomb. Separate colors or mixed, 75 cts. per doz., \$5.50 per 100.

Single Frilled Begonias

These are of the finest types of the single Begonia, the petals being heavily frilled on the edges. To color, 10 cts. each, 75 cts. per doz., \$5.50 per 100; all colors mixed, 50 cts. per doz., \$3.00 per 100.

Duke Zeppelin and Lafayette

These two new double Hybrid Tuberous-Rooted Begonias are both of unusual merit, and in color, when grown as pot plants or planted in partially shaded positions.

Duke Zeppelin. Intense pure vermilion-scarlet....	Doz.	100
Lafayette. Rich brilliant crimson-scarlet.....	1 25	10 00

Begonia Hybrida, "The Butterfly"

This Begonia is a "sport" from *Begonia erecta picta* Marmorata and a great improvement. The flowers are larger, and the white mottlings are more profuse, giving to blooms a charming and unique appearance. Mixture, all colors, 65 cts. per doz., \$5 per 100.

Single Begonia, Bertini

A beautiful bedding Begonia, producing a combination of brilliant vermilion flowers of rare beauty. As a bedder it stands unrivaled. 75 cts. per doz., \$5.50 per 100.

Boddington's Quality Gloxinias

GLOXINIA ERECTA GRANDIFLORA

This popular flowering plant is coming into greater vogue than ever, not only as a pot-plant for house decoration, but also for cut-flower purposes. Our strains of Gloxinias are the true erect-flowering type, grown by a specialist in Europe.

GLOXINIA ERECTA SUPERBISSIMA

Having during the past season been requested to secure some specially fine Gloxinias for exhibition purposes, we have made arrangements with a noted Gloxinia specialist in England to reserve for us some of the most distinct types. The bulbs are not so large as the Named Varieties, but this is a characteristic of most Erecta superbissima varieties.

BODDINGTON'S IDEAL PRIZE GIANT MIXED. Great variety of superb colors.

CYCLOPS. Velvety carmine, shading to a broad white border, throat dotted with dark red.

DUCHESS OF YORK. Flowers of a rich dark blue, each petal being edged with a broad band of white. A most striking and lovely variety.

SPOTTED HYBRIDS. These charming flowers still advance in public favor. Whenever exhibited they create intense interest. The delicate markings, in an infinite variety of forms, add a special charm to the flowers. The habit and the size of the individual blooms have been greatly improved.

GOLIATH. Velvety purple-violet, shaded to a pure white border, throat delicately spotted.

HER MAJESTY. This exquisite Gloxinia is still unsurpassed by any other white variety. The flowers are as pure as newly fallen snow, and are borne on short stems, just clear of the elegantly recurved foliage. In habit the plant is compact, free-flowering, and of the highest decorative value.

READING SCARLET. In color this is the most brilliant Gloxinia in existence, being an intense glowing scarlet variety of the true Crassifolia habit. An admirable companion to Her Majesty. Comes perfectly true and no collection is complete without it.

15 cts. each, \$1.50 per doz., \$12 per 100

GLOXINIA TUBIFLORA

Flower-Stems rise to the height of 2 feet, each bearing several large, pure white blossoms 4 inches in length and of a peculiar and fascinating fragrance. 10 cts. each, 75 cts. per doz., \$6 per 100.

For Gloxinia seeds, see page 18

House of Gloxinias grown from Boddington's Quality Gloxinia Bulbs

Standard Everyday Cannas

Having concluded a very large contract for Cannas (nearly a million), we are enabled to offer first-class dormant roots, in sound condition, with not less than two or three eyes each, in the following varieties, true to name. Large dormant roots. Cannas shipped by freight at owner's risk.

Red-Flowering, Green Foliage Cannas

Louisiana. A strong, vigorous-growing variety, attaining a height of 7 feet, producing a dense mass of glossy green foliage and vivid scarlet flowers, often measuring 7 inches across. 25 cts. per doz., \$1.75 per 100, \$15 per 1,000.

A. Bouvier. 5 ft. Dark crimson. 25 cts. per doz., \$1.50 per 100, \$14 per 1,000.

Alice Roosevelt.

Deep crimson. 4 ft. 50 cts. per doz., \$3 per 100, \$25 per 1,000.

Beaute Poitevine. 3½ ft. Dark crimson. 30 cts. per doz., \$2 per 100, \$17.50 per 1,000.

Black Prince. Intense dark velvety maroon; grows strong and erect, 3 to 4 feet; fine dark red stems, and deep green leaves edged with purple. 40 cts. per doz., \$2.25 per 100, \$20 per 1,000.

Chas. Henderson. 4 ft. Bright crimson. 25 cts. per doz., \$1.75 per 100, \$15 per 1,000.

Crimson Bedder. 3 ft. Intense scarlet. 30 cts. per doz., \$2 per 100, \$17.50 per 1,000.

Duke of Marlboro.

4½ ft. Dark crimson. 25 cts. per doz., \$1.75 per 100, \$15 per 1,000.

J. D. Eisele. Brilliant vermilion-scarlet. 5 ft. 25 cts. per doz., \$1.75 per 100, \$15 per 1,000.

Explorateur Crampbell. Flowers deep rich crimson. 5½ ft. 25 cts. per doz., \$1.50 per 100, \$14 per 1,000.

Express. Color scarlet-crimson; the clusters are large and compact; foliage green. Dwarf habit. 2 to 2½ ft. 40 cts. per doz., \$2.25 per 100, \$20 per 1,000.

Pres. McKinley. Brilliant crimson, with scarlet shading. Dwarf habit, growing only 2½ to 3 feet. 25 cts. per doz., \$1.50 per 100, \$14 per 1,000.

Tarrytown. A grand-crimson variety. 3½ ft. 25 cts. per 12, \$1.75 per 100, \$15 per 1,000.

Red, Gold-Edged and Spotted Cannas

Gladiator.

The flowers are bright yellow, thickly spotted with crimson and bloom profusely. Heads are unusually large and borne on long, strong stalks with tough, deep green foliage. A superb variety alone or in masses. Height 4 feet. 50 cts. per doz., \$2.75 per 100, \$25 per 1,000.

Cinnabar. Its name indicates the color—cinnabar-red, edged with distinct golden bands; petals of flower very thick. 4½ ft. 25 cts. per doz., \$1.75 per 100, \$15 per 1,000.

Indiana. The foliage of this variety forms a solid mass of green 3 to 4 ft. high, above this the flower spikes shoot up to a height of 6 feet, each one bearing fine big clusters of orchid-like flowers. Color is a glistening golden orange daintily marked and striped with red. Single blossoms are often 7 in. across. 25 cts. per doz., \$1.75 per 100, \$15 per 1,000.

Queen Charlotte.

A grand Canna, with a distinct golden belt around each petal, the center brilliant orange-scarlet, with crimson tones. A stately habit with fine foliage. 35 cts. per doz., \$2.25 per 100, \$20 per 1,000.

Mad. Crozy. 5½ feet. Vermilion with gold border. 35 cts. per doz., \$2.25 per 100, \$20 per 1,000.

Premier. Brilliant deep crimson-red, bordered yellow. 2½ ft. 30 cts. per doz., \$2 per 100, \$17.50 per 1,000.

Souv. de A. Crozy. 4 ft. Crimson with gold band. 40 cts. per doz., \$2.75 per 100, \$25 per 1,000.

Pink-Flowering

Cannas

L. Patry. Flowers of delicate rosy pink, standing well above the foliage. 4½ feet. 25 cts. per doz., \$1.75 per 100, \$15 per 1,000.

Louise. A grand pink variety, somewhat similar to Mlle. Berat, much taller, and very free-flowering. 30 cts. per doz., \$2 per 100, \$17.50 per 1,000.

Mlle. Berat. 4½ ft. Rose-carminé. 25 cts. per doz., \$1.75 per 100, \$15 per 1,000.

Tennyson. Large, heavy spike of flowers, of a very attractive rosy pink; green foliage. 5½ ft. 40 cts. per doz., \$2.75 per 100, \$25 per 1,000.

Canna,
King Humbert

Alsace. 3½ ft. Creamy white	30	1 75	15 00
--	----	------	-------

Bronze-leaved, Red-flowering Cannas

Brandywine. This is undoubtedly the best bronze-leaved bedding Canna, a remarkably even grower. A healthy vigorous grower of 4 to 5 feet. Makes a luxuriant growth of dark bronze foliage and a magnificent display of fine large flowers. Color is intense vinous red, beautifully mottled with deep crimson; two to three petals are sometimes narrowly edged with bright gold. Brandywine has foliage almost as dark as Black Beauty.. 25 2 00 17 50

We are the largest handlers of Cannas in the world. Our prices upon Cannas will bear comparison with any house in the Canna business.

Our Cannas are true to name—two and three, sometimes four eyes—are sound, dormant, and are packed 250 in a box, two can be “cleated” together and shipped as one. One box of 250 sold at thousand rate; it is cheaper for you to buy a box than 200 at 100 rate. Write for special prices or quantity.

All above Cannas packed 250 in a case. Full case at 1,000 rate; 25 at 100 rate

If any Cannas are not found here, it may be understood that they are superseded by the foregoing. If selection is left to us we will substitute or send only the best for all purposes

CALADIUM

Caladium Esculentum

(ELEPHANT'S EAR)

Bulbs measuring 6 to 8 inches in circumference, 200 in a case, 25 cts. per doz., \$2.00 per 100, \$15.00 per 1,000.

Bulbs measuring 8 to 10 inches in circumference, 100 in a case, 50 cts. per doz., \$3.50 per 100, \$30 per 1,000.

Bulbs measuring 10 to 12 inches in circumference, 75 in a case, 75 cts. per doz., \$5.50 per 100, \$50 per 1,000.

Bulbs measuring 12 to 13 inches in circumference, 50 in a case, \$1 per doz., \$8 per 100, \$75 per 1,000.

Monster bulbs measuring 13 inches and upward in circumference, 25 in a case, \$1.50 per doz., \$12 per 100.

Full cases at 100 rate

Fancy-Leaved Caladiums

A grand Brazilian collection containing twenty varieties personally selected by us from over one hundred sorts submitted by pressed leaves last summer, from which we selected the cream. Extra fine bulbs in 25 varieties, \$2 per doz., \$15 per 100.

CALADIUM ARGYRITES (Fancy-Leaved Caladium)

This is a variety seldom seen in most collections, although one of the most elegant of the genus. Ground color light green, center and margins white, with many irregular white blotches. Exceedingly useful for table decorations, for edging benches in the "stove" or greenhouse. \$2 per doz., \$15 per 100.

CINNAMON VINE

Large-size bulbs, 50 cts. per doz., \$3 per 100, \$25 per 1,000.

CALLAS, SPOTTED LEAF (*Richardia albo-maculata*)

Very free summer-blooming variety. \$3 per 100, \$25 per 1,000.

DIELYTRA SPECTABILIS (Bleeding Heart)

Field-grown, 75 cts. per doz., \$6 per 100.

AMARYLLIS

VITTATA HYBRIDS

These are grown specially for us and contain a remarkable range of colors from self pure white to darkest crimson, or flaked and striped. These are easily grown. Florists should certainly grow a few of this delightful plant that sells on sight.

40 cents each, \$4.00 per dozen, \$8.00 for 25, \$30.00 per 100.

<i>Soleil Couchant</i> . Bright red	75	5 00

NEW GIANT MONTBRETIAS

GERMANIA. Grows from 3 to 4 feet high, producing graceful, free-branched flower-spikes, bearing very large, widely expanded flowers 2 to 3 inches across. The color is a rich, glowing orange scarlet, with red throat. \$2 per 100, \$15 per 1,000.

GEORGE DAVISON. Variety of great merit and a splendid Montbretia. The stems are 3 feet high, eight to ten-branched, bearing lovely pale orange-yellow flowers 3 inches across, widely expanded and tinted deeper orange externally. It is among the first to flower. Strongly recommended. \$1 per doz., \$7.50 per 100.

MESSIDOR. A very distinct new seedling, tall growth, spikes much branched; color maple-yellow, passing to pale yellow, this is the nearest approach to a white variety at present. 20 cts. each, 75 cts. per doz., \$5.00 per 100.

MARTAGON. Deep orange, with brownish center, reflexed petals; very beautiful. 50 cts. per doz., \$3 per 100.

PROMETHEUS. Possessed of extraordinary vigor, it grows to a height of 3 to 4 feet producing strong stems with numerous branches, bearing flowers larger than any other Montbretia and exceedingly well proportioned; the average size is 3½ inches across, but we have measured flowers fully 4 inches across, and the color is a rich orange, with dark crimson spots at the base of the petals. 75 cts. each, \$7.50 per doz.

TUBEROSES

	Per 100	1000
Double Pearl. Red seal brand, selected bulbs, 4 to 6 inches in circumference	\$0 85	\$7 50
3 to 4 inches in circumference	75	5 00
Mexican Everblooming	1 25	12 00

The Best Dahlias for Florists

After considerable consideration and observation, and "talks" with the trade, we have decided to offer the following Dahlias to florists this season. Our retail Catalogue, which will be mailed free, contains a larger collection, but few are superior to the following and all are good size, divided clumps that have been field-grown and are strong and healthy.

Price of all the below-named varieties of Dahlias, large divided clumps or roots, except where noted, 10 cts. each, \$1 per doz., \$8 per 100, \$75 per 1,000

Jack Rose. (Decorative type). The variety Jack Rose is rightly named and is a florist's Dahlia, "from the ground up." The color is similar to the Jacqueminot rose, and is a unique color in the Dahlia, which lights up beautifully at night. The habit of the plant is stocky, very free-flowering. Producing its blooms in great profusion, upon erect, long, stiff stems, making it invaluable for cutting. You cannot afford to be without it, if you sell cut-flowers. 35 cts. each, \$3.50 per doz., \$25.00 per 100.

Decorative Dahlias

Sylvia. Best described as a Giant Nymphæa, being stronger, larger and deeper colored. Flowers 4 to 6 inches in diameter, of fine form and full to the center, which is white, shaded to soft pink on the outer petals. One of the best cut-flower varieties. 10 cts. each, \$1 per doz., \$7.50 per 100.

Catherine Duer. Stronger-growing, free-flowering crimson-scarlet.

Clifford W. Bruton. Best yellow; immense size; perfect form. 10 cts. each, \$1 per doz., \$7.50 per 100.

Frank L. Bassett. Color bright royal purple, shading to blue.

Lyndhurst. One of the best bright scarlet.

Maid of Kent. Cherry-red, tipped white.

Nymphæa. Color clear, light shrimp-pink.

Orange King. Rich glowing orange; early and profuse.

Perle (Perle de la tete d'Or). The grandest white Decorative Dahlia to date; very large and of beautiful shape.

William Agnew. Rich, dazzling red; immense size.

Cactus Dahlias

Berlichingen. Deep crimson-carmine shading to bright carmine at the tips; flowers of medium size, nicely quilled petals, plant of fine habit, very free, making a very showy effect.

Blitz. A rich, brilliant geranium-lake.

Bravo. Robust grower; flowers rich Jacqueminot-red; one of the best for cutting.

Countess of Lonsdale. A pleasing blending of amber and salmon. 10 cts. each, \$1 per doz., \$7.50 per 100.

Earl of Pembroke. Bright plum. 15 cts. each, \$1.50 per doz., \$12 per 100.

Frau Hermine Marx. This promises to be one of the best cut-flower varieties. The flowers are of medium size, and when fully developed almost identical in color with the La France Rose; that is, a silvery rose, a most pleasing color.

Hagen. Rich, purple-brown with deep, aniline-red markings.

Helene. Center creamy white passing to mauve-rose at edges.

Jessie. Creamy white; a very free bloomer.

Kriemhilde. One of the finest pink Cactus Dahlias. 10 cts. each, \$1 per doz., \$7.50 per 100.

Libelle. A fine, large purple.

Ortwin. Beautiful salmon-flesh, with rosy hue.

Standard Bearer. Brightest scarlet; profuse bloomer. 15 cts. each, \$1.50 per doz., \$12 per 100.

Strahlein Krone. Intense cardinal-red.

Warjag. Orange-crimson tipped with bright carmine markings, making a most brilliant, iridescent effect.

Dahlia Sylvia

Show and Fancy Dahlias

A. D. Livoni. Beautiful soft pink; early and profuse bloomer. 10 cts. each, \$1 per doz., \$7.50 per 100.

Arabella. Pale primrose, tipped and shaded old rose and lavender.

Camelliaeflora. A fine large pure white.

Grand Duke Alexis. Very large white, tinted pale lavender.

Glowing Coal. Brilliant red.

Green's White. One of the best whites for cutting.

Harlequin. Brilliant crimson, striped and tipped white.

John Thorpe. Very large; soft rich pink.

Menheddy Beauty. Fancy buff, with crimson spots, free, long stems, large bloom. 8 cts. each, 80 cts. per doz., \$6 per 100.

Frank Smith. Rich, dark purple maroon, tipped pinkish white. A superb flower. 25 cts. each, \$2.50 per doz.

Queen Victoria. Deep yellow; fine for cutting.

Red Hussar. Pure cardinal, red flower, very free bloomer, splendid for cutting.

Storm King (Blizzard). A companion for the superb pink Dahlia. A. D. Livoni. Flowers are snow-white; extremely early and a free-bloomer. This is the florist's ideal white. 15 cts. each, \$1.25 per doz., \$10 per 100.

White Swan. Snow-white, with long stems.

Pompon Dahlias

Catherine. Finest pure yellow.

Daybreak. Beautiful soft pink.

Elegant. Soft pink.

Guiding Star. Pure white; a good favorite.

Snowclad. The finest white Pompon to date.

Single Dahlias

THE 20TH CENTURY. Intense rosy crimson, with white tips and white disc around the yellow center. 10 cts. each, \$1 per doz., \$7.50 per 100.

Dahlias to Color

We can also furnish, without names, in mixture, all colors separate, or all colors mixed, as follows:

Mixed Pinks, Mixed Whites, Mixed Reds, Mixed Yellows. 75 cts. per doz., \$5.50 per 100, \$50 per 1,000.

Mixed, all colors. 60 cts. per doz., \$4.50 per 100, \$40 per 1,000.

BODDINGTON'S QUALITY GLADIOLI

AMERICA. This beautiful new Gladiolus has produced as great a sensation as the now famous Princeps. The flowers, which are of immense size, are of the most beautiful flesh-pink color, and, as a florist who saw it said, it is "fine enough for a bride's bouquet."

40 cts. per doz., \$3.25 per 100, \$30 per 1,000.

JAPANESE IRIS *(Iris Kaempferi)*

The collections which we offer below are **American grown**, thoroughly acclimated and hardy and true to color and name, which is rarely evident in the imported Japanese stock. The Japan Iris will succeed anywhere in a good rich soil, though a moist position is preferable.

DOUBLE JAPANESE IRIS

- Antelope.** White ground, flaked and blotched, carnation-white and yellow center.
Beauty. Pale violet, slightly veined white, white and yellow center.
Beth Hallock. Delicate lavender, slightly veined white, center clearly marked citron; extra fine satiny finish.
Blue Jay. Sky-blue, with deep blue edge and white veins.
Crystal. Pale violet, slightly veined white.
Gold Bound. Pure white; one of the best.
Othello. Deep rich purple, light blue towards center.
Prince Camille de Rohan. Dark purplish blue.
Princess Clothilde. White, veined lightly pink; center light violet.
Pyramid. Lilac-blue, veined with white center on each petal.
Spotted Beauty. Large size, very double; silky white, freely and finely spotted with violet crimson.
Yomo No Umo. The largest and freest white.

The above collection of 12 varieties for \$1.25.

SINGLE JAPANESE IRIS

- Apollo.** Pure white, pink center.
Apple Blossom. White, spotted with light pink.
Conde. Violet-purple, with deep violet tint; purple and yellow center; each petal with a silvery white edge.
Helene von Siebold. Reddish veined white, yellow center.
Neptune. Light pink, shaded violet, deep pink center.
Norane. Fine violet color, with grey vein marks darker toward the center.
Porcelain Sceptre. Bluish white, with fine pink center.
Tortoise. Magenta, flaked and dotted with white.

The above collection of 8 varieties for 75 cts.

Price of any of the above varieties, \$1.25 per doz., \$10 per 100, \$75 per 1,000. 25 at 100 rate, 250 at 1,000 rate.

Mont Blanc. Snowy white; very early.....	35	3 25	25 00

Miscellaneous Bulbs

Lycoris squamigera, or Amaryllis

Halli

(THE MAGIC LILY OF JAPAN)

A perfectly hardy Amaryllis, producing beautiful pink flowers. One of the hardy Amaryllis never widely introduced and almost lost to floriculture.

Lycoris squamigera produces in early spring foliage which grows until July, when it ripens off and disappears, and one not familiar with its habits would think the bulb had died, but about a month later, as if by magic, the flower-stalks spring from the ground to a height of 2 or 3 feet, developing an umbel of large and beautiful lily-shaped flowers 3 to 4 inches across and from eight to 12 in number, of a delicate lilac-pink.

As the bulb is perfectly hardy without any protection, it can be planted either in the fall or spring. Cover the crown about 4 inches. Very useful for cut-flowers in the summer.

Strong blooming bulbs, 10 cts. each, 75 cts. per 12, \$5 per 100

Apios tuberosa (Tuberous-rooted Wistaria). Clusters of rich, deep purple flowers, which have a strong, delicious violet fragrance. Tubers, 20 cts. per doz., \$1.50 per 100, \$12 per 1,000.

Calla Elliottiana. This is the great new Yellow Calla of marvelous beauty. Flowers are large, rich dark golden yellow, often 4 to 5 inches across the mouth; leaves are beautifully spotted with white. Bulbs of this variety are very scarce. Extra large bulbs, 25 cts. each, \$2.25 per doz., \$17 per 100.

Eremurus Himalaicus. Majestic, tuberous-rooted plant. A noble ornament in flower-garden or on the lawn. The individual flowers, of peach-pink color and very fragrant, are closely arranged on stately spikes 6 to 10 feet high, forming a magnificent column of bloom during June and July. Give a sunny position, sheltered from gales; plant the tubers in the fall, while dormant, and set about 8 inches deep. Although hardy, it will be safer in Northern States to protect with 4 or 6 inches of leaves, straw, manure or similar covering, to prevent the young growth, which starts very early, from being nipped from late freezes. Strong flowering roots, 40 cts. each, \$4 per doz.

Robustus. Delightful rosy pink. 40 cts. each, \$4 per doz.

Bungei. Beautiful golden yellow. One of the scarcest and most lovely of the Eremurus. \$1 each, \$10 per doz.

Elwesianus. Soft pink, with bands of deeper color down the middle of segments. 75 cts. each, \$7.50 per 100.

Incarvillea Delavayi (Hardy Gloxinia). This comparatively new perennial from northern China has been found hardy in the United States. We recommend, however, a liberal mulching where left out during winter. The tubers may be lifted in autumn and stored in the same manner as dahlias, and replanted in spring. The foliage resembles that of the acanthus, while the blossoms appear like clusters of pink Gloxinias. It is extremely decorative. Strong roots, 10 cts. each, 75 cts. per doz., \$5 per 100.

Oxalis (Summer-Flowering) Deppei. Pure white; very fine.

Lasiandra. Fine rosy pink, beautiful cut foliage.

Shamrock. Lovely clover-like foliage and pink blossom.

Mixed Colors. Several colors.

10 cts. per doz., 35 cts. per 100, \$2.50 per 1,000

Pancratium (Spider Lily). This grand Spider Lily forms large imposing clumps that are a mass of clustered heads of pure white, fragrant flowers. The flowers are borne in large clusters, are of waxy whiteness and unsurpassed fragrance. Fine flowering bulbs, \$1.25 per doz., \$10 per 100.

Spiraea palmata rosea. The beautiful deep pink hardy Spiraea. 85 cts. per doz., \$8.50 per 100.

Spiraea Aruncus. The grand hardy white Spiraea. 4 to 5 feet. 75 cts. per doz., \$6 per 100.

Lycoris squamigera

Tigridias, Giant California.

We are introducing a strain of California-grown Tigridias, the bulbs of which are very large, solid and vigorous. These fine bulbs keep perfectly well over winter under ordinary conditions, whereas smaller ones dry out and decay. They also make a remarkably strong and vigorous growth, blooming early and with remarkable profusion.

Canariensis. Bright yellow.

Conchiflora. Yellow-spotted.

Speciosa. Deep red, spotted purple.

Lilacia. Brilliant violet-crimson.

Grandiflora alba. White, crimson spots.

Boddington's New Hybrids. Giant flowers of red, white, yellow, orange, rose, crimson and gold, with shades and combinations of color never shown before by Tigridias.

Any of the above, 50 cts. per doz., \$3 per 100, \$25 per 1,000

Tritoma Pfitzeri. This is one of the best herbaceous plants for summer cutting, an everblooming type of the old "Red-Hot Poker." Cut blooms displayed in a florist's window never fail to attract the attention and admiration of the general public. Blooms freely from July until frost. Field-grown roots, \$1.25 per doz., \$9 per 100.

For other bulbs, seeds or plants see our retail catalogue—mailed free

CANNAS

See Pages 38 and 39

Hybrid Roses, Crimson Ramblers, Etc.

The right time to buy Roses is when they are fresh and well ripened. Roses potted up in the Winter become better established and force better, and are more satisfactory in every way, and you can retard or force at your leisure. We recommend the American-grown "Ramblers." Don't attempt to force imported Ramblers; the general experience is that they are failures.

HARDY HYBRID PERPETUAL ROSES

We offer extra-strong forcing two-year-old dormant, low-budded stock, in the following varieties, true to name:

Price, 75 cts. for 5 (of one variety), \$12 per 100, \$110 per 1,000 (immediate delivery)

Abel Carriere. Crimson, bright center.
Alfred Colomb. Carmine-crimson; a grand Rose.
Anne de Diesbach. Bright carmine.
Ball of Snow (Boule de Neige). Large, pure white.
Baron de Bonstetten. Blackish crimson.
Baroness Rothschild. An exquisite shade of satiny pink.
Capt. Christy. Delicate flesh color. Deepening to center.
Clio. Satin blush; very fine new sort.
Duke of Connaught. Large rosy crimson.
Duke of Edinburgh. Bright vermilion.
Eugene Verdier. Superb flower; crimson-violet.
Fisher Holmes. Finely shaped flowers; dark velvety crimson.
Frau Karl Druschki. The finest white in existence.
Gloire de Margottin. Dazzling red.
Gen. Jacqueminot. Brilliant crimson; the popular Rose.
John Hopper. Bright rose, with carmine center.
La France. Peach-blossom pink.
Mme. Charles Wood. Bright carmine, full and free.
Margaret Dickson. White, with pale flesh center.
Marshall P. Wilder. Cherry-rose and carmine.
Magna Charta. Dark pink; one of the easiest Roses to grow.
Mme. Gabriel Luizet. Light, satiny pink; attractive sort.
Mrs. John Laing. Rich, satiny pink; delicious fragrance.
Paul Neyron. Flowers 5 inches across; lovely dark pink.
Perle des Blanches. White.
Persian Yellow. Hardy yellow Rose; best of its color.
Prince Camille de Rohan. Dark crimson-maroon.
Ulrich Brunner. Cherry-red; grand Rose; free.

For prices see above

Frau Karl Druschki

The Grand Pink Hybrid Rose, Mrs. Sharman Crawford

One of the finest Roses grown. Deep rosy pink, the outer petals shaded with pale flesh-color, white at base of petals, and distinct from all other Hybrid Perpetual Roses. 85 cts. for bundle of 5, \$14 per 100.

Hardy Rose Soleil d'Or

Large, globular flowers, varying in color from gold and orange to reddish gold, shaded with nasturtium-red. Heavy, 2-year-old budded plants, 75 cts. for bundle of 5, \$12 per 100.

English Moss Roses

Assorted, White, Pink, Red. Large dormant plants, from open ground. 75 cts. for 5, \$12 per 100.

Sweet Briar

The good old English variety. 75 cts. for 5, \$12 per 100.

Standard, or Tree Roses

(Grafted on Rosa Canina or Rugosa Stock)

Large, well-grown, selected plants in the best and most serviceable varieties. Hybrids 40 cts. each, \$3.75 for 10, \$35.00 per 100. Hybrid Teas 45 cts. each, \$4.25 for 10, \$40.00 per 100.

RUGOSA ROSES AND THEIR HYBRIDS (*Rosa rugosa*)

Rosa rugosa rubra (Regelianä). Single; crimson.
 " " " plena. Double form of the foregoing.
 " " alba. Single; white.
 " " " plena. Grand double white.
 20 cts. each, 75 cts. for bundle of 5, \$12 per 100

Something New in Roses for Florists HALF STANDARD BABY RAMBLERS

These are Baby Ramblers, grown on stems or standards about one and a half feet high, and will be a novelty for your trade you cannot profitably overlook. They are offered for the first time in this country in the following varieties:

BABY DOROTHY (Half standard). Deep pink. 60 cts. each, \$6 per doz., \$45 per 100.

BABY RAMBLER (Half standard). Crimson. 45 cts. each, \$4.50 per doz., \$35 per 100.

BABY CATHERINE SEIMETH (Half standard). White. 45 cts. each, \$4.50 per doz., \$35 per 100.

BABY "STARS and STRIPES" (Half standard). White and red grafted on the same plant; most attractive, 50 cts. each, \$5 per doz., \$40 per 100.

Baby Rambler Roses

BABY DOROTHY. The same in habit as Baby Rambler, but the color of the flowers is similar to Dorothy Perkins. This variety has created quite a sensation when exhibited at the English National Rose Society's and other shows. "Baby Dorothy," when planted out, flowers perpetually from spring until autumn. It makes an excellent pot plant for forcing. Price for strong, field-grown plants, 85 cts. for 5, \$16 per 100.

CATHERINE SEIMETH. A very important novelty. A White Baby Rambler Rose, larger and better flowers than the type. White with yellowish center. It has the true rose perfume. 85 cts. for 5, \$15 per 100.

MES. WM. H. CUTBUSH. A grand acquisition to the Baby Rambler class. Color intense crimson and exceptionally free-flowering. 85 cts. for 5, \$15 per 100.

MME. NORBERT LEVASSEUR (Baby Rambler). Strong, field-grown plants, 85 cts. for 5, \$15 per 100.

THE TREE BABY RAMBLER. (Grown as a Standard.) The popularity of the Baby Rambler has suggested the growing of it as a tree or standard. 40 cts. each, \$3.75 for 10, \$35 per 100.

BABY DOROTHY. (Grown as a Standard.) For description, see above. 75 cts. each, \$6.25 for 10, \$60 per 100.

Polyantha Rose, President Taft. This is the grand Polyantha Rose, a hybrid between the variety Gruss an Teplitz and Cramoise Superieure. The flowers, which are very double, are of a bright red color and have the perfume of the well-known American Beauty Rose. The plants, which are very bushy, grow 15 to 18 inches high and throw up long branches, the same as Gruss an Teplitz and are very free from disease. President Taft is undoubtedly the finest Polyantha Rose we have, and we can recommend it very highly to our customers. 75 cts. each, \$7.25 for 10, \$70.00 per 100.

Ramblers and Other Climbing Roses

PAUL'S CARMINE PILLAR. Flowers large and free; color rosy carmine. Two-year-old, field grown, 85 cts. for 5, \$15 per 100.

MARECHAL NIEL. Bright, rich golden yellow. Field-grown, \$1.50 for 5, \$22.50 per 100.

GLOIRE DE DIJON. Color bluff, orange center, very sweet-scented. Field-grown. \$1.50 for 5, \$22.50 per 100.

CRIMSON RAMBLER. American Grown. The only stock for forcing. Large heavy plants, two years old, mossed and packed in bundles of 10, 3 to 4 feet, \$1.25 for 10, \$12 per 100; 4 to 5 feet, \$1.75 for 10, \$15 per 100; 5 to 6 feet, extra heavy, \$2.25 for 10, \$20 per 100.

DOROTHY PERKINS. Resembles the Crimson Rambler, except in color, which is a lovely shell pink, holding a long time without fading. \$1.25 for 10, \$12 per 100.

TAUSENDSCHON. The new Rambler Rose. The name translated means a "thousand beauties." Color beautiful rose, shading to pink. \$2.25 for 10, \$20 per 100.

LADY GAY. A seedling from the popular Crimson Rambler, which it resembles in habit and general effect. The flowers are of a delicate cherry-pink color, which fades to soft white. Strong plants, field-grown, 4 to 5 feet, \$1.75 for 10, \$15 per 100.

WEDDING BELLS. A seedling of the Crimson Rambler. The most floriferous Rose yet produced. The color is white with the upper half of the petals soft-pink. Fine for forcing. Perfectly hardy. Extra-strong, field-grown flowering plants, 4 to 5 feet. \$1.75 for 10, \$15 per 100.

CLIMBING FRAU KARL DRUSCHKI. NEW CLIMBING ROSE. This is a climbing sport from the well-known snow-white, Frau Karl Druschki, and should become very popular. Good, strong plants are offered as follows: 45 cts. each, \$2 for 5, \$35 per 100.

CLIMBING HERMOSA. A climbing type of this well-known Rose. 35 cts. each, \$3.25 for 10, \$30 per 100.

TRIEE. A beautiful Climbing Rose; flowers pale rose. An excellent variety. \$2.25 for 5, \$20 per 100.

Rose, Tausendschon

Flower of Fairfield

The Everblooming
Crimson Rambler

For many years it has been the aim of Rose-growers to raise a Rambler which would be everblooming. We are pleased to say that we can offer such a Rose this season. This variety is a sport from the beautiful Crimson Rambler, is similar in color, more brilliant and lasting than the old favorite. It also possesses the further advantage over the Crimson Rambler in the fact that it flowers profusely on the young wood the first year. Flower of Fairfield is a vigorous grower and free bloomer. It starts to bloom early in the spring and continues until late in the autumn. It is rightly termed "perpetual blooming." This variety is a grand addition for covering walls, trellises, arches, etc., besides being very useful as a cut-flower. 50 cts. each, \$4.75 for 10, \$45.00 per 100.

Veilchenblau (Violet-Blue).

It has long been the desire of rosarians to secure a blue Rose. In Veilchenblau we have practically approached this color. The steel-blue flowers of this new Rose appear in large clusters, are semi-double, of medium size and keep in bloom a long time. The showy yellow stamens contrasting with the blue flower, give the whole a striking appearance. 60 cts. each, \$5.75 for 10, \$55.00 per 100.

WELL-KNOWN CLIMBERS

Mme. Plantier. White.	Prairie Queen. Red, changing to pink.
Baltimore Belle. Pale blush color.	Seven Sisters. Clear pink.

85 cts. for 5, \$15 per 100

White Rambler (Thalia)	} Similar to Crimson Rambler except in color
Pink Rambler (Euphrosyne)	
Yellow Rambler (Aglaia)	

Extra strong 2-year-old plants, 85 cts. for 5, \$15 per 100

Kaiserin Augusta Victoria. An almost pure white Rose. Shaded a beautiful primrose. Fine for indoor or outdoor summer-blooming. Bundle of 5 for \$1.50, \$22.50 per 100.

Hardy Shrubs and Climbers

AMPELOPSIS Strong Dutch-Grown

Ampelopsis Veitchii (Boston Ivy). Extra-strong imported vines, 3-year-old. \$1.25 for 10, \$12 per 100.
Ampelopsis Veitchii robusta. A very compact-growing variety of the well-known Boston Ivy, and very highly recommended to us; will undoubtedly take the place of the ordinary Veitchii in the near future. \$1.75 for 10, \$15 per 100.
Ampelopsis muralis. More rapid grower than the foregoing; larger foliage. \$1.75 for 10, \$15 per 100.
Quinquefolia (American Ivy, or Virginia Creeper). Good for covering walls, verandas, or trunks of trees; affords shade quickly. 25 cts. each, \$1.75 for 10, \$15 per 100.

CLEMATIS

Henryi. Pure white; extra large. **Jackmanni.** Purple Alba. White. **Sieboldi.** Lavender.
Ville de Lyon. Brilliant carmine-red; as good as Mme. Edouard Andre, but contrary to this one, is very free-growing.
Extra-strong plants, 30 cts. each, \$2.75 for 10, \$25 per 100
Clematis paniculata. Strong, 2-year-old plants, \$2.00 per doz., \$15 per 100.

Hybrid Tea, or Ever-blooming Roses

Hybrid Tea or Everblooming Roses are becoming more popular every year. As hardy as the perpetuals, with slight protection in winter, they give a wealth of bloom all through the summer months and late in the fall till frost checks them.

The Grand New Rose Lyon. Originated by the raiser of **Etoile de France.** Perpetual flowering. Vigorous grower. The blooms are very large with broad petals, full and globular in form; shrimp-pink at the ends of the petals, center coral-red or salmon-pink shaded with chrome-yellow. Very fragrant. 85 cts. each, \$4.00 for bundle of 5, \$75 per 100.

The Killarney Rose. This is a grand Rose for either indoor or outdoor cultivation; is a strong grower and the blooms, which are of a beautiful pink, are borne in great profusion. Strong, 2-year-old field-grown stock, \$1.50 for bundle of 5, \$22.50 per 100.

Maman Cochet Roses. The best of all Roses for summer-flowering and cutting.

Maman Cochet (Pink). Color a clear, rich pink changing to silvery rose; very double and fragrant.

Maman Cochet (White). A sport from the above, with all its characteristics; color a beautiful snow-white, at times tinted with the faintest suggestion of blush, the same as is often found in the Bride.

\$1.50 for bundle of 5, \$22.50 per 100

Rose, Etoile de France. Flowers large, possessing petals of very good substance; magnificent cupped form. Superb crimson-red velvet, the center of the bloom vivid cerise-red. The flowers are very fragrant and last very long. The Queen of the Everblooming Red Roses. The most free-blooming and vigorous Red Rose ever introduced. Strong, 2-year-old plants, field-grown, 85 cts. for bundle of 5, \$15.00 per 100.

	10	100
BESSIE BROWN. Creamy white	\$2 75	\$22 50
GRUSS AN TEPLITZ. No Rose in commerce can compare with this as a bedder. It is a perfect sheet of richest crimson-scarlet all summer. A strong, vigorous grower.....	1 75	15 00
KONIGIN KAROLA (Improved Testout) ...	2 75	22 50
MADAME ABEL CHATENAY. Carmine-rose, shaded salmon-pink	2 75	22 50
MILDRED GRANT. Cream, with a faint blush of pale rose	2 75	22 50

American Beauty. Almost too well known for description, but as popular today as twenty years ago. Rosy carmine, shaded salmon, flowers large and full; very floriferous. Strong field-grown plants, 20 cts. each, bundle of five for 85 cts., \$15.00 per 100.

Caroline Testout. Bright satin rose, with brighter center, large, full and globular; sweet-scented. Bundle of 5 for \$1.50, \$22.50 per 100.

ARISTOLOCHIA SIPHO

Dutchman's Pipe. Strong, field-grown, 3 to 4 feet. 35 cts. each, \$3.25 for 10, \$30 per 100.

WISTARIA SINENSIS Extra strong. Field-grow.

Blue. 6 to 7 feet. 40 cts. each, \$3.75 for 10, \$35 per 100.
White. 6 to 7 feet. 40 cts. each, \$3.75 for 10, \$35 per 100.

HONEYSUCKLE

Very extra-strong, Holland field-grown plants. 6 to 8 feet long, many branches.

Halliana. Yellow. \$3.25 for 10, \$30 per 100.

KUDZU VINE

The quickest climber known in horticulture; grows 1 to 2 feet per day. Invaluable for quickly covering unsightly objects. Strong roots, 15 cts. each, \$1.50 per doz., \$12 per 100.

FORCING AND OTHER PLANTS

AZALEAS

We are the sole agents for the United States and Canada of Pynaert Van Geert, Ghent, Belgium, for his specialties—Azaleas, Palms, Araucarias, Bay Trees, etc., and will send his catalogue upon application, or quote you special prices on any article you may need. His goods are well known and we can attach our trade-mark "Quality" to his stock with the same assurance that we would to our own.

AZALEA MOLLIS

Most attractive in the shrubbery; also extensively forced on account of the brilliancy of colors. 25 buds 15 inches high, \$2.50 per doz., \$35.00 per 100.

ANTHONY KOSTER

The finest forcing variety; flowers brilliant golden yellow; of great beauty. Splendid plant, 20 to 25 buds, \$9.50 per doz., \$75.00 per 100.

BEGONIA LORRAINE

June, July and August delivery

Gloire de Lorraine. 2½-inch pots, grown from sucker cuttings. \$15 per 100, \$140 per 1,000.

DRACÆNA TERMINALIS

Canes. 20c. per ft., \$15 per 100 ft.

JAPANESE FERN BALLS

Immediate delivery

Fern Balls. 7 to 9 inches in diameter, \$2.75 per doz., \$22.00 per 100.

Smaller Sized Fern Balls. Suitable for mail trade. 5-inch, \$2 per doz., \$14 per 100.

FERNS IN FLATS

Ready for delivery after July 15

Leading varieties or mixed. \$2 per flat; 10 flats or over, \$1.75 per flat. Each flat contains 110 clumps of small plants, which can be divided in 3 to 5 plants accordingly, ready for potting. We can furnish these ferns, grown separately, each flat containing any one of the following sorts, ferns all good salable varieties. \$2.50 per flat.

Adiantum cuneatum
Aspidium tensimense
Cyrtomium falcatum
Lastrea aristata
" " variegata
Lastrea opaca
Pteris adiantoides
" *Gilbertii*

Pteris Wimsettii
" *cretica magnifica*
" *cretica alba lineata*
" *serrulata*
" " variegata
" *Mayii*
Mixed Varieties

CYCAS REVOLUTA (Cycas, or Sago Palm)

Fresh imported, dry stems, true long-leaf variety, in cases containing about 350 lbs. each; 75 per cent. of the stems ½ lb. to 3 lbs. each; 25 per cent. 3 to 6 lbs. each; or we will repack the cases, on arrival, with stems of any size suitable to the customer's requirements. Delivery March and April. Per 10 lbs., 12 cts. per lb.; 100 lbs., 10 cts. per lb.; whole case, 7½ cts. per lb.

HYDRANGEA PANICULATA

GRANDIFLORA

Two-year-old, 3 to 4 branches. Bushy, \$1.50 per doz., \$10 per 100.

"LENOX" LAWN GRASS SEED

We recommend sowing five bushels of seed to the acre. One quart of seed will sow 15x20 feet (300 square feet), one bushel 100x108 feet (10,800 square feet). Price, put up in handsome packages for store trade, 75 cts. per pk., \$3 per bus. of 20 lbs., \$10 per 100 qts. (in quart cartons.)

Pure Culture Mushroom Spawn

20 cts. per brick; by mail, 35 cts., \$1 for 6 bricks, \$1.85 for 12, \$3.75 for 25 bricks, \$7 for 50 bricks.

FERTILIZERS

Red Seal Brand Sheep Manure.

Owing to our increased facilities we are enabled to carry our sheep manure in carload lots; this sheep manure is pulverized and prepared by special process by which the ammonia is retained and all weed seeds killed. \$1.50 per 100 lbs., \$6.50 for 500 lbs., \$24 per ton, 5-ton lots \$22.50 per ton, F.O.B. N. Y.—F.O.B. Chicago, \$5.00 per ton less. Carload lots upon application.

Bone Meal for Roses. \$2.75 per 100 lbs., \$10 per ton.
Bone Meal for general use. \$2.25 per 100 lbs., \$35 per ton.
Nitrate of Soda. 50 cts. for 10 lbs., \$4 per 100 lbs.
Clay's Fertilizer. 56-lb. bag, \$3.25; 112-lb. bag, \$5.50.

Canada Hard-Wood Ashes. \$3 for 200 lbs., \$22.50 per ton.
Scotch Soot. A splendid fertilizer, adding luster to the foliage, as well as a remedy against slugs, grubs and cut-worms. In 100-lb. double lined bags only, \$2.50 per bag, 5 bags for \$11.25, 10 bags for \$20.00.

For other varieties of **QUALITY SEEDS, BULBS or PLANTS**, see our Retail Catalogue and Garden Guide (144 pages) from which prices a liberal discount is allowed. Mailed free on application.
